

BAVARIAN DISCORD WITH BERLIN SHOWS IN LATEST ACTION

Many Federal Troops Garrisoned in Her Territory Held for Ransom Pending Satisfactory Accord with Berlin—Answer Ebert's Suspension Order Applying to Von Lossow

(By the Associated Press)

MUNICH, Oct. 20.—Dr. Von Kahr, military dictator of Bavaria, tonight theoretically kidnapped 12,000 federal troops garrisoned at various points in Bavaria and will hold them as ransom until such time as a satisfactory accord with Berlin can be reached.

This is the substance of a proclamation issued by the Bavarian dictator in reply to President Ebert's suspension of General Von Lossow, commander of the reichswehr who is charged with insubordination and in infraction of army discipline.

By way of injecting added venom in his coup, Dr. Von Kahr has appointed Von Lossow commander in chief of the Bavarian reichswehr contingents. This openly challenges the authority invested in General Baron Kress von Kressenstein, whom the reich president has installed as federal military governor for Bavaria succeeding Von Lossow.

Von Kahr's proclamation sets forth that in the interests of maintenance of law and order in Bavaria and for the protection of her sovereignty the Bavarian government will as-

GIRL ANARCHIST DEPORTED FROM TWO COUNTRIES

Has Arrived in Berlin Seeking Peace and Quiet

(By the Associated Press)

BERLIN, Oct. 20.—Little Molly Steamer, the girl anarchist, who was deported from the United States in 1921, has now been deported by Soviet Russia and has arrived in Berlin seeking peace and quiet. Molly, who has spent nearly three of her 26 years in various prisons arraigned against the soviet form of government, saying their form of government was "worse even than the United States."

She was arrested in Petrograd a year ago with 29 other anarchists, the Cheka agents accusing her of having underground connections with Emma Goldman and Alexander Berkman, discrediting Molly's contentions that she was merely engaged in aiding political prisoners thru the "anarchist aid society."

She was sentenced with expulsion to Siberia but this was never brought about. Finally she fled a hunger strike, which lasted seven days. At first the Cheka officials laughed at her, their chief once remarking: "You think you can bluff us with a hunger strike. Apparently you don't know us. Do you think you are like America?"

In July Molly was released on the understanding that she would leave the country and never come back.

Molly says there are thousands of political prisoners in Russia today, the jails being so crowded that the soviet are at loss to know what to do with them.

GENERAL PERSHING LEAVES FOR FRANCE

(By the Associated Press)

WASHINGTON, Oct. 20.—John Pershing, who little more than a year ago secretly left Washington for France, again has slipped quietly away from the capital on a sojourn on French soil. His passage over the Atlantic has been traced aboard the liner Leviathan sailing today from New York and it will be three months before he returns again to the land here his leadership helped to write history during the great war. Neither the general's name nor that of his sister, Mrs. D. M. Pershing, who accompanied him, appears on the Leviathan's list of passengers; but only to the lack of publicity and his departure does not today resemble that of a fugitive. This time he is bound for France. It will be so far as his brother and sister are able to control events in France, just a hint seeing tour of their own in the public not invited.

D. LLOYD GEORGE NOW RESTING IN LOUISVILLE, KY.

Thinks English Horse Under Great Handicap

(By the Associated Press)

LOUISVILLE, Ky., Oct. 20.—Resting for the week end at the country home of Judge Robert W. Bingham, publisher of the Louisville Times and Courier-Journal, David Lloyd George, the war time premier of Great Britain today gathered strength for another week of touring and speaking at American cities. Almost his first act upon reaching here was to get into golf clothes and go on the links for an afternoon at his favorite sport.

The distinguished guest was met at the Union Station upon his arrival from St. Louis by a reception committee headed by Governor Edwin P. Morrow who accompanied him upon a drive about the city.

During the day a delegation of the Louisville Zionists read an address to him explaining their thanks for his support of the movement for a Jewish Homeland in Palestine and in reply Mr. Lloyd George asserted his belief in the movement but declared its success would depend upon the substantial support of the Jews of the world.

Receiving newspaper correspondents the former premier expressed much interest in the international race between Papyrus and Zev, remarking that Papyrus, he was informed was a "Democratic horse owned by a real working farmer," whereas previous winners of the English Derby for the most part had been owned by "Dukes and Earls and the like."

When told that Zev had won he said: "Papyrus was under a great handicap in being brought across the ocean to a new climate and on a dirt track. However it was a great race and Englishmen will be sportsmen enough to see it was a fair test."

Ted Ottman won the city golf championship at the Country Club where Mr. Lloyd George played nine holes and the former premier presented him the cup for his feat.

Mr. Lloyd George went the nine holes in his match with less success playing a foursome with citizens of this city and losing one up.

Inquiring eagerly at his press conference for the latest news from Europe the former premier referred to the serious situation in Germany.

Dame Margaret Lloyd George and Miss Megan attended a luncheon this noon of the Kentucky Women's Christian Temperance Union the former delivering an address in which she said that the eyes of England were upon America in its "great experiment" with prohibition.

LIABILITIES OF CHICK EVANS TO EXCEED ASSETS

Mental Strain Cause of Poor Golf Showing

(By the Associated Press)

CHICAGO, Oct. 20.—The liabilities of Charles "Chick" Evans Jr., who said he would file a voluntary petition in bankruptcy in federal court here Monday will total \$275,000. His assets amount to about \$50,000. The losses, Evans said, were due to speculation in the grain and stock markets.

Evans' major debts are tabulated tonight by his attorneys, totaling \$262,671.33. There are approximately \$13,000 in numbers returned by the jury in the case listed.

The announcement last night that Evans was broke was a revelation to golf fans but an answer many said, as to why his game had fallen below the masterful ability of "Evans golf." He admitted that his speculations not only lost him a fortune but also due to the tremendous mental strain, detracted from his game.

In addition to this loss of \$225,000, Evans, in less than two years has lost another \$160,000, making his total loss from speculation about \$385,000.

Heading the list of men Evans became indebted to thru his tick or entanglements is Arthur W. Cutten, wealthy grain merchant. Chick, his attorneys said lost \$200,000 in grain speculation to Cutten and borrowed an additional \$21,200.

When Cutten was shown the list of the golfer's debts he took a pencil and drew a line thru the \$200,000 item.

"List the personal debts but forget the other," he is quoted as saying. "Only keep out of the grain market from now on."

Among his smaller debts is a bill from a sporting goods firm for golf supplies amounting to \$1,556.50.

Following news of Evans' financial straits, numerous organizations and individuals tendered him their moral support.

James T. Hattison, president of the Edgewater club, Evans' home club, announced that resolutions expressing confidence in him would be introduced at the next meeting.

IS LOST, THEN FOUND AND IS LOST AGAIN

(By the Associated Press)

AURORA, Ill., Oct. 20.—Warren J. Lincoln, a lawyer-horticulturist, who was hunted all over the country last spring after he disappeared in the night and his clothes covered with blood were found next day in a well on his farm has vanished anew. His brother and partner, Edward Lincoln, who last time directed the search in not looking for Warren this time. "He wrote me from Detroit about two months ago for \$15," Edward said, "and I did not send it and I have heard no more from him. He has left me holding the bag."

After being gone a month last spring Warren appeared in a Chicago hotel saying he had been clubbed, drugged, kidnapped and held prisoner.

ARRESTED MAN MAKES MURDER CONFESSION

DANVILLE, Ill., Oct. 20.—A confession today by David Reynolds, arrested in Chicago following hints he had uttered after being made temporarily blind by poison liquor, that he knew something about a Danville murder, will, it is believed, clear up the killing of Patrolman August Lind, in March 1920.

In the alleged confession, Reynolds accused James K. Jarvis, arrested today at Indianapolis of shooting the officer when Reynolds and Jarvis were interrupted in the act of breaking into a saloon. Jarvis was detained and questioned for a long time following Lind's death, but while officers suspected that he was the murderer, they could obtain no evidence that would convict him. Jarvis was returned to Danville tonight and was placed in the local jail until he can be questioned.

Dr. A. L. Adams has returned from Chicago where he was summoned on account of the illness of his father who is now much better.

Removal Of Islands Would Stop Floods

(By the Associated Press)

BEARDSTOWN, Ill., Oct. 20.—Removal of two islands in the Illinois River and demolishing of the Lagrange Locks, 12 miles below here would remove the flood dangers that are constantly threatening this community the special senatorial committee inquiries on the McCormick bill was told today.

Another suggestion put forward by witnesses at the hearing conducted on the Steamer Mississippi was the changing of the course of Crooked Creek which enters the Illinois River running upstream in the latter, thereby throwing a conflicting channel across the river in time of high water.

Senator McKellar declared that a survey of projects should be made by General Lansing Beach, chief of engineers of the United States army and the remainder of the committee and witnesses agreed that this action would help solve the problem. It was estimated that Grape Island of about 12 acres and Willow Island of four acres could be removed for approximately \$60,000.

Allen Millard, engineer, R. H. Garm, banker, F. P. Gillen, dredging expert, Judge William T. Deitrich, Mayor Wesley Perry and several others, all of Beardstown assured the committee that if these improvements were made or if any other recommendations made by General Beach would relieve flood conditions the community would be thankful. All said they were in favor of the McCormick bill.

During Judge Deitrich's testimony details of the flood of 1922 were furnished the committee and Judge Deitrich said that both houses of the Illinois legislature had unanimously voted an appropriation of \$350,000 to relieve flood conditions on the Lower Illinois river but that up to date no one had seen the color of the coin.

HARD ROAD PLEDGE OF GOVERNOR SMALL WILL BE FULFILLED

1,000 Miles to be Completed During the Year as Promised

(By the Associated Press)

SPRINGFIELD, Ill., Oct. 20.—The last of the reports of the division engineers covering the progress of the work in all parts of the state the week ending Oct. 11, were available today and revealed what Superintendent of Highways Frank T. Sheets described as "phenomenal achievement previously deemed almost impossible." A total of 57.7 miles of standard 18 foot pavement was laid during the six day period by 118 large mixers working on the state system. Nine thousand, six hundred men and 2,200 teams were employed on the work.

Chief Highway Engineer, Clifford Older declared that the record showed the road building organization at its best and was undoubtedly the greatest accomplishment in highway construction down to the present time. "The figures indicate," said Mr. Older, "that the combined outfits working on Illinois state roads laid one mile of completed pavement an hour, about 88 feet per minute. And this does not represent a spasmodic effort. We have been constantly hitting between 49 and 50 miles per week during the season."

Mr. Sheets showed from the last daily report that 934 miles of pavement had been laid during the present season, making absolutely certain, he said, the fulfillment of Governor Small's promise that 1,000 miles of road would be built in the state this season.

Mr. Sheets added that 2,395 miles of system provided for in the \$60,000,000 bond issue have already been completed.

Governor Small personally inspected the figures, Mr. Sheets added, and commended the highway division as the "greatest road building organization in the world."

BANDITS CUT WIRES AND ROB BANK SAFE

(By the Associated Press)

CHARLESTON, Ill., Oct. 20.—Bandits estimated to have numbered 10 or 12 held up a night watchman and blew open the vault and safe of the First National bank of Oakland, Ill., early today and escaped with \$15,000 in currency and bonds.

The bandits cut all telephone wires, isolating the town of Oakland near here, and are reported to have held up the night watchman and another man and then took possession of the bank, where six or seven explosions were heard. The explosions blew open both the vault and safe, according to information received here, and badly damaged the interior and fixtures of the bank.

The bandits are said to have appeared in the town about 2 a. m. but so far as learned here no one saw them enter, but it is assumed they had automobile with which they escaped. After making prisoners of the watchman and an Oakland man, according to information received here, the bandits forced entrance to the bank and proceeded to blow open the safe and vault.

CHAMPION OFFERS GOOD SPORT ADVICE

(By the Associated Press)

CHICAGO, Oct. 20.—To become an expert do not play the game too much, was the advice of Miss Edith Cummings, national amateur woman golf champion who returned to her home here last night from a recent tournament at Rye, N. Y.

She advocated frequent rests to keep one's game from going stale, and said she expected to take a long one this winter. She said she follows no rigorous training regulations—simply enjoys the game.

All of that means taking the game too seriously," she said. "That's the trouble with sports today. People try too hard to win. They make the game a business instead of a pleasure. And when that happens good sportsmanship disappears."

COMMISSION ON DEBT FUNDING SUBMITS REPORT

May Obtain Further Adjustments with Debtor Nations

(By the Associated Press)

WASHINGTON, Oct. 20.—The American debt funding commission met today and approved the form of its annual report to congress which contained the significant statement that the commission hopes to obtain further adjustments with the various debtor governments at the earliest possible date.

While there was no elaboration on the expression from any member of the commission the statement was regarded in many quarters as the first hint from official circles that another commission may be sent to debtor nations advising that the American government awaits their funding proposals. The report recites the negotiations and settlements with Great Britain and Finland and the full liquidation of Cuba's debt, but as for the others little progress is reported.

The commission now has to deal with debts of foreign countries amounting to \$5,970,117,427 on which interest amounting to \$1,088,457,478 has accrued. The combined total of interest and principal owed by the several governments is given at:

Armenia	14,263,196

JURY FINDS TWO MEN GUILTY OF ROBBERY

(By the Associated Press)

ST. LOUIS, Mo., Oct. 20.—William F. "Whitely" Downing, alleged local gangster and David Weisman, of Johnson City, Illinois, said to be an associate of Downing, were found guilty by a jury in federal court here today on all six counts of an indictment charging them with participation in the robbery of an armored mail truck here last April 2, in which negotiable and non-negotiable securities valued at \$2,400,000 were obtained.

Sentence of the men was deferred pending the filing of a motion for a new trial. Hearing of the motion is set for Tuesday morning and Federal Judge Farris, presiding at the trial announced that if the motion is denied he would immediately pronounce sentence.

Upon the instructions of judge on small obligations yet to be returned by the jury in the case of William Williamson, who had been jointly indicted with Weisman, Judge Farris earlier in the day had sustained a demurrer filed on behalf of Williamson on the ground that insufficient evidence had been presented to convict him of complicity in the crime.

The jury deliberated only 15 minutes after receiving the case. Under the indictment each of the men can be given maximum sentences of sixty years in the penitentiary.

KING WILL UPHELD BY SUPREME COURT

(By the Associated Press)

SPRINGFIELD, Ill., Oct. 20.—The supreme court of Illinois today finally disposed of the litigation growing out of the will of James C. King, founder of the King Home for Old Men, at Chicago. The will under which the home was established is sustained and the suit instituted by Mary C. Melvin, sister of Mrs. King to establish the existence of a later will, fails.

King died November 1, 1905. His wife, formerly Maud A. Robinson, with whom he had made an ante-nuptial contract renounced the will and later a settlement was made with her by which it became effective. Mrs. King was killed during a hunting trip in North Carolina. Gaston B. Means, her confidential adviser, was accused of killing her but was acquitted. After Mrs. King's death, a second will was produced, which gave the bulk of the property to his wife. On the assumption that she would have inherited from her sister, Mary C. Melvin started the suit. The supreme court held she had no rights under either will.

PROGRAM SUGGESTED BY PRESIDENT FOR LAW ENFORCEMENT

Six Points Suggested in Cooperation Plan Between Federal and State Governments to Further Aid Prosecutions of Violations of Prohibition Act—Seventh Point Added

(By the Associated Press)

WASHINGTON, Oct. 20.—A program for cooperation between the federal government and the states in prohibition enforcement, suggested by President Coolidge, was adopted today at the white house conference of the president and the state governors.

Six points for prohibition enforcement were proposed by President Coolidge. These provided for state meetings of prosecuting attorneys, enlistment of the press, coordination of state and federal enforcement personnel and other measures. The president's program was adopted without a dissenting vote after the governors had added another seventh point providing for education of children to the dangers of alcoholic beverages.

After addresses by President Coolidge and other officers a round table discussion developed with spirited addresses, including those by Governors Smith of New York and H. H. of Maryland in criticism of the Volstead act. Governor Pinchot of Pennsylvania did not speak but gave out a statement commending the results of the conference.

Among the points in the president's program was one calling for conventions of municipal, county and state enforcement officers to adopt state programs, with the federal government pledging every possible support.

The points of the cooperation program were offered by Mr. Coolidge after he had told the governors that "no provision of the eighteenth amendment or the national prohibition act contemplates any surrender of state responsibilities" and after representatives of state departments, of justice, labor and treasury had reported on strict enforcement of the statutes.

Another point, that relating to educational activities along temperance lines, was added on motion of Governor Preuss of Minnesota. The president in his address delivered at the conclusion of a luncheon at which the governors were the guests of the chief executive, dwelt with considerable emphasis upon the dual responsibility for law enforcement.

ILLINOIS TO IGNORE FEDERAL RULING ON LIQUOR VIOLATIONS

State Supreme Court Rules Goods Seized are Evidence

(By the Associated Press)

SPRINGFIELD, Ill., Oct. 20.—Despite the federal court rule that liquor illegally seized cannot be used for evidence against violators of the Volstead act, Illinois will continue to employ such evidence in prosecutions, under state statutes and municipal ordinances.

This is the effect of a decision given in the supreme court yesterday in which the Illinois Tribunal refuses to return to Sam Castree, three jugs of liquor, seized and used against him in the Winnebago, county circuit court. Castree was sentenced to serve a term in jail on evidence that the jugs were found in his possession. The supreme court sustains this judgement, regardless of the assertion that the search warrant on which the seizure was made was illegal.

In discussing the federal ruling on the point, Justice Thompson says: "The federal rule is based upon the erroneous proposition that police officers are the agents of the government that employees them and that the government is bound by their unlawful acts. Upon this fallacious and tottering foundation there has been a fruitless effort to build a permanent structure."

"It is well to remember that the object of the constitutional guaranty against unlawful search and seizure is to protect the citizen from domestic disturbance by the disorderly intrusion of irresponsible administrative officials. The provision implies a remedy in the courts and it is a slander of our much boasted American justice to say that the remedy is not to be had if it is sought."

ANSWER IS FILED IN LEITER ESTATE SUIT

CHICAGO, Oct. 20.—Joseph Leiter, millionaire capitalist, today filed an answer in the superior court to the cross bill of the daughters of Marquis George Nathaniel Curzon, British minister of foreign affairs in which he charges Lord Curzon with being responsible for the entire complicated litigation involving the \$100,000,000 Leiter estate.

The original bill was filed by the Duchess of Suffolk and Bertha Leiter, his sister, who charged a management of the estate. A number of other documents were filed, most of the heirs and beneficiaries allying themselves on the duchess' side.

PRISONER ESCAPES FROM REFORMATORY

Springfield, Ill., Oct. 20.—Guy Hamrick, sentenced in Bureau court to indefinite imprisonment at Pontiac reformatory, escaped Thursday night, October 18, according to information received by the Department of Public Welfare today. The department offered a reward of \$25 for his recapture.

HEAVY PENALTY GIVEN POISON BOOZE SELLERS

Grand Jury Acts in Recent Deaths at Pana

(By the Associated Press)

PANA, Ill., Oct. 20.—The grand jury which reconvened today to investigate five deaths here recently from poisonous whiskey, late today indicted Robert Smith, a chemist, for murder and recommended that he be held without bond and returned manslaughter indictments against John, Stephen and Paul Tokoly, each of the manslaughter true bills containing five counts.

Stephen and Paul are sons of John Tokoly and the three operate a soft drink parlor here. It is alleged the poisonous whiskey was obtained by Smith by the Tokolys. The grand jury recommended that each of the Tokolys' bonds be \$7,500 on each charge or a total of \$37,500 for each, making a total of \$112,500 for the trio.

In addition the three Tokolys were indicted for alleged violation of the dry law and bonds in each case fixed at \$800. Those dead from drinking the whiskey are Edward Gaughan and his nephew Charles Gaughan, George Baldwin, Edward Diehl and Dwight Eiler.

In a partial report the grand jurors recommended that drastic action be taken regarding alleged violations of the prohibition law and that all places be closed where evidence is found that the dry law has been violated. The jury will reconvene next Friday and it is expected the shooting on a Chicago & Eastern Illinois passenger train here last Thursday in which John Overbeck of St. Louis was killed, will be investigated then. Overbeck was shot by police after he had fired upon the officers who boarded the train to arrest him on a peace disturbance charge.

SAYS BOARD DID NOT MAKE GOVERNOR LOAN

(By the Associated Press)

INDIANAPOLIS, Ind., Oct. 20.—I. N. Brown, secretary of the board of the dry law, tonight denied that the board had ever made a personal loan of \$155,000 to Governor Warren T. McCray. The money up to a short time ago was listed as a deposit in the Discount and Deposit Bank at Kentland, Ind., he said. The governor formerly was president of the Kentland bank.

Governor McCray in an answer filed today in a bankruptcy suit in Fort Wayne, Ind., asserted that he had paid the \$155,000 back to the state board and that the board had held his security during the period of the loan.

A THOUGHT
We owe them that are wise
in their own eyes, and prudent in
their own sight.—Isa. 5:21.

HE who thinks he can find in
himself the means of doing
without others is much mistaken;
but he who thinks that others
cannot do without him is still
more mistaken.—La Rochefou-
cauld.

Railroad employees demand
restoration of wages to war-
time scales. Farmers demand
redemption of freight rates. How
are both demands to be granted
without bankrupting the roads.

David Lloyd George says that
he came to the U. S. fully deter-
mined to do no public speaking.
If the former English premier
were not so well qualified in ad-
dressing making, the demands would
not be so insistent.

If farmers could secure the
present price of corn for the crop
they will begin delivering in
December their present troubles
would be satisfactorily ended—
at least in the corn belt.

At any rate, no matter where
the responsibility belongs, the
discussion about law enforcement
now going on is certain to bring
better results than have been
obtained. Enforcement of law
needs federal and state co-opera-
tion.

COUNTY AFFAIRS ON A BUSINESS BASIS

An inspection of the records of
the Morgan County board affords
proof that the financial condition
of the county is improving as the
result of the business methods
followed by the board. At the
September term of the county
board in 1922, in order to meet
the bills of the county, it was
necessary to anticipate the sum
of \$34,995.11. In the election in
November that year J. E. Os-
borne became a member of the
county board.

At the September term of the
following year the amount of
funds necessary for anticipation
was \$26,181.56. At the Septem-
ber term, 1922, the amount need-
ed for anticipation warrants was
approximately \$10,000, and for
the September term of the pres-
ent year the anticipation warrants
totalled but \$5,000.

In the three years period the
anticipation warrants at the Sep-
tember term have been reduced
from \$31,061 to \$5,000. Commis-
sioner Osborne has not been re-
sponsible for all of this saving.

Nova Scotia, is certainly proof of
the widespread attention that
Jacksonville has secured thru
the co-operation of its citizens
under Mayor Crabtree's leader-
ship. It is mighty fine advertis-
ing.

In three years time the amount
of anticipation warrants the
county has issued has been re-
duced from \$30,000 to \$5,000.
That fact is good evidence of
satisfactory management of
county business.

STUPID DANCING
Perhaps the worst thing, after
all, about social dancing now-
adays, is not that it is indecent
but that it is ugly and stupid.

"Certainly it is true that for
the public at large," says the
New York World, "dancing is a
lost art. Practically the only true
dancing is that seen on the stage.
That it was not always so those
men and women know who can
without difficulty recall the days
of the waltz, the polka, the schot-
tische and even the informal
romps, such as the barn dance.
Grace and beauty have disap-
peared almost utterly from the
ballrooms and from dancing
floors in general today. In the

shuffle and walk, shuffle and
walk, which constitute the steps
of the hour, neither dancer nor
spectator can find inspiration.
To the looker-on, the spectacle
on the floor passes quickly from
the state of being a joke to that
of being a bore."

No wonder the dancing teach-
ers of the country are disgusted
with the situation, and are con-
templating an advertising cam-
paign to make the public realize
what dancing ought to be. Surely
grace, charm, beauty, action and
variety have a stronger appeal
than ugliness, stupidity and mo-
notony, when properly set forth.

The court house was painted
during the past year at a cost of
\$1,900. Years ago under another
county board it cost nearly \$5,000
to paint the court house, and la-
bor and materials at that time
cost about one-third of the pres-
ent figure.

J. E. Osborne is a successful
business man. No one questions
his integrity. If again elected a
member of the county board No-
vember 6, because of his familiar-
ity with county affairs he will be
able to give still better service
during the next three years.

A brief address was also given
by Mrs. Jean C. Deaf, promi-
nent in club work in Chicago,
and an official state institutional
visitor. Mrs. Comerford while
here visited the State School for
the Deaf and the State School for
the Blind and made some inter-
esting statements with reference
to these and other state institu-
tions.

Among women present for the
conference were: Mrs. J. Mar-
shall Miller, president; Mrs. R.
Hallings, Robbhouse; Mrs. J. R.
Stevenson, Robbhouse; Mrs.
Helen Grigsby, Pittsfield; Mrs.
W. E. Shattell, Pittsfield; Miss
Mary Anderson, Illinois Woman's
college; Mrs. Fred Walbaum,
Ashland; Mrs. E. D. Glandon,
Pittsfield; Mrs. Louise Mont-
gomery, Virginia; Mrs. E. F.
Ford, Greenfield; Mrs. E. G.
King, Athens; Miss Bernice Hunt
Virginia; Mrs. W. S. Jones, Mrs.
Frank Greene, Mrs. W. T. Scott,
Miss Harriet Selbert, Mrs. A. L.

At the business session the ex-
ecutive board adopted a resolu-
tion favoring the continuance of
the sanatorium fund. The res-
olution was in language as fol-
lows:

"Whereas, We, the Executive
Board, of the Twentieth Congres-
sional District Federation of Wo-
men's Clubs, have worked consist-
ently for the prevention of tuber-
culosis in Morgan and
neighboring counties, and
"Whereas, Morgan County has
built and equipped a beautiful San-
atorium, for the purpose of prevent-
ing tuberculosis in Morgan and
neighboring county, and
"Whereas, A law now exists, mak-
ing it possible for counties to unite
to maintain a Tuberculosis San-
atorium, Clinics and Nursing Service,
and
"Whereas, The other counties of
this district are in need of such
service,

"Therefore, Be It Resolved, That
we urge the voters of Morgan coun-
ty to vote to hold their Sanatorium
Board Fund, and to plan with
other counties of this district, to
make this a District Sanatorium."

During the morning session the
Executive Board adopted the fol-

DISTRICT CLUB BOARD HERE FOR CONFERENCE

Make Plans for Annual Con-
vention at Roodhouse—Col. O. C.
Smith Made Address.

A meeting of the executive
board of the 20th Congressional
district of the Federation of Wo-
man's clubs was held at the
Tea Tray Saturday morning at
11 o'clock. Mrs. J. Marshall
Miller, president presided and
arrangements were practically
completed for the annual meet-
ing to be held in Roodhouse Oct.
30 and 31.

Mrs. W. S. Jones gave a talk
on the work of the Parent-teacher
association and Mrs. A. L.
Adams presented the work of
the health committee. Follow-
ing the business session lunch-
oon was served at 12:30 o'clock
and then Col. O. C. Smith, man-
aging officer of the School for the
Deaf, made an address. Col.
Smith's theme was "Woman's
duty as a citizen and how she may
help to better conditions."

The speaker emphasized the
thought that whether or not
women desired the right of fran-
chise, that now it is their duty
to vote upon all questions. He
said that women should fully in-
form themselves on public af-
fairs and vote for the best of-
ficials without regard to party
lines.

A brief address was also given
by Mrs. Jean C. Deaf, promi-
nent in club work in Chicago,
and an official state institutional
visitor. Mrs. Comerford while
here visited the State School for
the Deaf and the State School for
the Blind and made some inter-
esting statements with reference
to these and other state institu-
tions.

Among women present for the
conference were: Mrs. J. Mar-
shall Miller, president; Mrs. R.
Hallings, Robbhouse; Mrs. J. R.
Stevenson, Robbhouse; Mrs.
Helen Grigsby, Pittsfield; Mrs.
W. E. Shattell, Pittsfield; Miss
Mary Anderson, Illinois Woman's
college; Mrs. Fred Walbaum,
Ashland; Mrs. E. D. Glandon,
Pittsfield; Mrs. Louise Mont-
gomery, Virginia; Mrs. E. F.
Ford, Greenfield; Mrs. E. G.
King, Athens; Miss Bernice Hunt
Virginia; Mrs. W. S. Jones, Mrs.
Frank Greene, Mrs. W. T. Scott,
Miss Harriet Selbert, Mrs. A. L.
Adams, Jacksonville.

At the business session the ex-
ecutive board adopted a resolu-
tion favoring the continuance of
the sanatorium fund. The res-
olution was in language as fol-
lows:

"Whereas, We, the Executive
Board, of the Twentieth Congres-
sional District Federation of Wo-

LONG TIME GREENE COUNTY RESIDENT DIES

John Kistler Confederate Veteran
Passed Away Saturday—Ed-
ward North—Former—White
Hall Banker Dies in South.

White Hall, Oct. 20.—The
death of John Kistler, a Con-
federate veteran and one of the
elder residents of White Hall
township, occurred at 11:30 this
morning at his home, three miles
southeast of White Hall. He had
been in feeble health for the
past few years, having suffered
several paralytic strokes. The
final stroke came upon him about
twenty minutes before his death
while seated in a chair, and be-
fore a doctor could reach the
house he expired.

He served in Company A,
Second North Carolina Infantry,
in the Civil War, coming to this
vicinity soon after the close of
the war, and here he has since
resided. He always took part in
G. A. R. affairs, and was counted
one of the very best citizens. Two
sons, Frank and Earl survive, the
former residing near Palmyra.
One daughter, Mrs. Clarence O.
Lorton, died a number of years
ago. Mrs. Kistler survives, and
is in good health. Mr. Kistler
was about 75 years of age. He
has always been a farmer, and
was counted among the best.
Funeral services had not been
arranged at this hour, but they
will likely be held Monday in
Wesley Chapel M. E. church.
Burial will be in the White Hall
cemetery.

Former Banker Dead
The death of Edward North,
a former White Hall banker, oc-
curred at Memphis, Tenn., last
night, according to a telegram
reaching here today. Mr. North
was 72 years of age last July.

He engaged in the banking busi-
ness in White Hall in 1875, when
he purchased the bank of Per-
son, Gregory and Co., and es-
tablished the People's Bank.
He sold the business in 1910 and
located at Houston, Texas, until
removing to Memphis, Tenn.,
three years ago. Two sons,
Harry and John, reside at Mem-
phis, and another son, John, re-
sides in New York. Two daugh-
ters, Mrs. Clifford Frankel and
Mrs. Edward Rogers, reside in
Houston.

Mrs. North survives, and she
and the children will accompany
the remains to White Hall ar-
riving next Tuesday, and funeral
services will be held in the M.
E. church that afternoon.

Edward was a brother of Mar-
cus North and Mrs. C. L. Mc-
Collister of White Hall, and was
accounted one of the most sage-
acious financiers the community
ever possessed. Burial will be in
the White Hall cemetery next
Tuesday afternoon.

COMMUNITY DINNER BEGINS WITH MUSIC

Elite Six Orchestra Will Give
Program While Guests As-
semble at Christian Church To-
morrow Night

The executive committee of the
Morgan county anti-tuberculosis
league which is in charge of the
arrangements for the community
dinner to be held at the central
Christian church Monday night,
wishes to announce that the Elite
Six orchestra has been secured to
furnish a one hour program, to
be given while the guests of the
evening are assembling, a feature
that will add much to the enjoy-
ment of the occasion.

The manager of the orchestra,
which is composed of boys in
school and college, informed the
committee that they wished to
do something to help along the
anti-tuberculosis crusade and ac-
cordingly tendered their services
without charge for whatever time
they could be used.

Mrs. A. L. Adams and Dr. H.
C. Woltman, for the committee,
expressed their appreciation of
the boys' offer and their evident
interest in the work at hand.

The members of the orchestra

are: Ernest Lair, Byron Craig,
Russel Todd, Russell Cumming,
Earl Hoover and Ernest Olds.

FIRST BAPTIST CHURCH HOMECOMING

A large attendance is expected
today at the annual Homecoming
of members of First Baptist
church. The regular Sunday
school and preaching service will
be held in the evening to be fol-
lowed by a dinner in the church
dining rooms.

Every family is requested to
bring sufficient lunch for its
members and one or two addition-
al persons. Following the dinner
a brief program of songs and ad-
dresses will be held. The pro-
gram has already been published
and will be carried out with but
few changes.

My Secrets

Of beauty are yours now, if you wish
By Edna Wallace Hopper

I made myself a famous beauty, and that beauty brought me glory. I have kept that beauty to a grand old age. After 40 years in the limelight, I still look a girl of 19. These facts are due to help I found through years of world-wide searching. They are, I believe, the best beauty helps in existence. No one I know has, in other ways, attained any like results. So I have had these helps prepared and placed where all may get them. And I hope to see them bring to millions the benefits I got.

Just Four Will Do
These beauty helps comprise 32 different factors. But great experts have combined them in four preparations. And all are sold at modest prices which every girl and woman can afford. One is my White Youth Clay. A clean, refined clay, vastly more efficient than ordinary clays. A clay perfected by French experts through 20 years of scientific study.

My White Youth Clay brings a new complexion, rosy, clear and clean. It combats all lines and wrinkles. No woman who once tries it will ever go without it. It costs 50 cents and \$1.

Youthful Bloom
My Youth Cream is a cold cream like nothing else you know. It contains both lemon and strawberry. French experts have embodied in it the best skin helps they know.

Apply it after the clay. Also use it as a night cream, also day, times as a powder base. Keep it ever on the skin to feed and whiten, firm, soften and protect. The price is 60 cents.

My Facial Youth is a liquid cleanser, now used by leading beauty experts the world over. It contains no animal, no vegetable fat. The skin cannot absorb it. So it cleans to the depths, then departs. And the dirt and refuse nothing else can reach comes with it. Great beauty experts charge \$3 for it. Mine sells for 75 cents.

The Hair You Envy
My glorious hair is due to my Hair Youth. It is heavy, silky, lustrous and grows finer every year. Falling hair, dandruff and gray hairs are unknown to me.

My Hair Youth is applied with an eye dropper, directly to the scalp. It does not muss the hair. It keeps the scalp like a well-kept garden where hair roots can flourish. It costs 50 cents and \$1 with eye dropper.

All druggists and toilet counters supply these preparations, exactly as I use them. My Beauty Book comes with each. They will bring you rich rewards. If you want more beauty, longer youth, these are the best ways science knows to get them. Edna Wallace Hopper, Business address, Waukesha, Wis. (adv.)

WOMEN PLAN FORUM MEETING FOR 29TH

At a recent meeting of the executive board of the Morgan League of Women Voters, arrangements were made for a general forum meeting to be held Oct. 29th. At this meeting members of the league will hear speeches by the various candidates who are seeking office in the November election. Both sides of the county sanitarian question will also be presented by speakers. The following members of the league have been placed on state committees:

Women in Industry—Miss Gertrude Lobdell.
Efficiency in Government—Thomas W. Smith.
Child Welfare—Mrs. C. H. Ramonkamp.
Education—Mrs. B. F. Shafer.
International Council to Prevent War—Mrs. A. L. Adams.
Citizenship Training—Mrs. J. W. Elliott.

It has been decided to resume the study classes, and sessions for open discussion of public questions will be held at various points in the county.

The following ladies were named on local committees: Efficiency in government, Mrs. Thomas W. Smith; Finance, Mrs. W. S. Jones.

Watch for announcement soon of another of our famous ONE CENT SALES.

Mrs. W. W. Ramsey of Chicago who was the popular morning lecturer at the Jacksonville Chautauque last season, is expected to be present at the meeting on the 29th, and will aid the League in getting out the vote. Only 50 per cent of the women in the county voted in the last general election, and it is the purpose of the league to get out at least 75 per cent of the vote this time. Seventy-three per cent of the men voted in the last election.

Those present at the board session Friday afternoon were Miss Mary Anderson, Mrs. A. B. Applebee, Mrs. W. C. Bradish, Mrs. James H. Danskin, Mrs. W. D. Roberts, Mrs. Thomas W. Smith and Mrs. W. S. Jones.

CHANGES A CITY'S

NEW UNION, STATION
Following the consolidation of the "Q" and Alton, offices in the city, a circular has been issued by the roads interested announcing D. C. Diltz as "joint ticket agent, Jacksonville Union Station." Messrs Mitchell and Diltz, who have been agents for the Alton and "Q" respectively for a number of years, will continue as city freight agents handling this branch of the work as in the past.

Since the consolidation three new officers have been installed in the tower at the crossing of the two lines here. They are H. A. Stone, O. Skinner and F. H. Acarizzi.

HERE ON FURLOUGH
Wallace Harding arrived in the city last night from Great Lakes Naval Training Station to spend a furlough of 30 days with his parents who have recently moved to Jacksonville from St. Louis and reside at 703 West College Avenue. He is recovering from a severe attack of pneumonia.

He can boast of having had more experience working for Uncle Sam than most boys of his age, having served in the army Machine Gun Company in Germany and France. At the time of enlistment he was not quite fifteen years of age. After his return to the U. S. he marched with his regiment from Camp Sherman to Fort Sheridan, the longest hike ever made by any military company 998 miles. Discharged at Fort Sheridan and re-enlisted in Navy. After his visit here he will leave for a three years cruise around the world.

R. L. Dye Made Address at National Convention

At the thirteenth annual convention of the National League of Compulsory Education officials held in Springfield, Mass., the past week, Richard L. Dye, chief of the division of factory inspection of the state of Illinois, was one of the speakers. Mr. Dye had for his theme "The conference and co-operation system of employers."

Paragraphs from the address are given:

"Mr. Chairman and Members of the National League of Compulsory Education: I see by your official program that I have been selected for a brief address tonight on the subject 'The Conference and Co-operation System of Employers'. I realize that I have before me a very distinguished audience of educators, but will try to give you what knowledge, on this subject that I have gained thru practical experience in the discharge of my duties as the enforcing officer of the laws for the protection of children in industry in the State of Illinois."

"I will say that it is my belief that there is no law on the statute of any state that is worth any more than the actual results obtained with the application of the law, and there is no state that is worth, in the long run, any more than the worth of the individuals composing it."

The laws for the protection of children were not made merely because we pity them, but to prevent what destroys value in the individual. Pity was a motive, surely, but there were other great motives—and one was fear."

When children toil in mills or mines with little sunshine and free air or when they work long hours in the open air we know they are robbed of their natural birthright. Many a man of short stature points back to the days of his childhood and says that hard work prevented his natural growth. Others whose stupid countenance show slight traces of intelligence, might say, if they knew the facts, 'I was brutalized by long hours of stupid toil. I was kept out of school to work and now am ignorant. I was never given a chance to use my mind naturally, and now, I have little or no mind to use.'

We make laws to protect our children, partly because we pity these who toil in poverty, and partly because we fear the consequences of too much toil, too difficult work, too monotonous a grind. For it destroys the state when its coming citizens are crippled."

"By friendly conference the best co-operation is secured. Instead of 'laying down the law' to the manager of an offending industry and inflicting hasty punishment, we endeavor to establish cordial and friendly relations, showing what happens in a community where these laws are disregarded. We soon find the manager zealous for the right thing and ready to accept guidance as to what he should do for his employees. He desires to benefit his employees, especially when he sees he is benefiting the state."

And so it is that we seek to correct whatever is wrong in working conditions by a friendly approach and a kindly explanation of the great objects of our endeavor. By eliciting the good offices of the employer we gain our ends and still allow the initiative to be taken wherever practicable by the ones who have it in their power to make the piece of toil less burdensome to the toilers."

In conference with these employers the Division of Factory Inspection endeavors to impress upon them the necessity of insisting upon minors bringing proof of age before they employ them, such as a transcript of their birth record, or baptismal record. Result of a conference along these lines gives the employer a better idea when employing minors, and little or no trouble is experienced along this line with the same employer in the future."

"And yet, knowing we have ample power to compel obedience, we find it rarely necessary to use that power. Sometimes it is expedient to call attention to the fact that we are empowered to compel obedience, but even this show of strength is followed by kindly suggestion rather than command, and the improvements in buildings, the safe-guarding of machinery, the reasonable adjustment of hours, or whatever betterment the law demands, is brought about in a manner that inspires initiative in the employer and reverence for the law."

"In the discharging of my duties as the State Enforcing Officer of the laws protecting children in industry, I have gained a great amount of knowledge of the life and environment of the children of the State of Illinois, and especially of the great and commercial city of Chicago."

"Children of poverty—children of ignorance—children of crime—children of sub-cellars—children of the narrow streets—my heart goes out to them. They have my sympathy one and all, and I say here tonight one and for all—they have every right that we have and one more—the right to be protected. They should be treated with love and kindness."

DEATHS

Harrison.
George Harrison, a veteran school teacher of Sangamon county, died yesterday morning at a local hospital. He was 83 years of age, and had spent many years of his life in the service of the public schools. His home was at Farmingdale, Ill. He is survived by two sons and one daughter.

The remains were taken to the O'Donnell undertaking parlors and prepared for burial, being later shipped to Petersburg where funeral services will be held.

McLamar.

Clara Annette, infant daughter of Vernon and Truth Votmsier McLamar, died at the family home northwest of Tallula at 6:45 o'clock yesterday morning. The child was born Oct. 6. She is survived by her parents, and also her grandparents, Mr. and Mrs. Charles McLamar, and Mr. and Mrs. John Votmsier, all of Franklin.

Funeral services will be held at the residence at 2 o'clock this afternoon with interment in Franklin cemetery.

FAMOUS BEAUTY

EXPOSITION DUE
Manager Scott of the Grand announces that after much negotiation he has arranged for the coming of the Marcus Show for two performances next Saturday Oct. 27th for matinee and night.

Allowing for the usual discount of statements emanating from theatrical press departments, it must be admitted that the claim, "no other show like it in all the world," has the basis of fact. No touring organization is so large and no other contains samples of so many divers styles of entertainment. In the twenty-three scenes required for its unfolding the Marcus Show runs the gamut for travesty to grand opera. It lacks only in plot. No pretense is made that such an ingredient is to be found.

The new edition of this well known institution is the residue of twenty big time vaudeville acts boiled down and garnished with whole stage full of handsome corymbes.

Guy Rarick, B. E. Winsome, Jane Stone, Polly Day, James Cunningham and seventy-two others, including the justly celebrated Marcus Peaches, are employed in the forthcoming attraction.

Not the least of the many bids to fame the Marcus Show boasts a score by Mr. Rarick that is declared to be the best work of his career. "California" is an especially whistling number that is bound to make its way to the wax

discus. There are nearly thirty musical outbursts in the Marcus Show. As some critic expressed, "Oh Baby, it is some show."

Operating Millers
OBTAIN STATISTICS
KANSAS CITY—(By A P)—Facts of great interest to the milling and grain world have been assembled by the Association of Operative Millers, which has completed a tabulation on operation of 82 flour mills in Kansas, Oklahoma, Texas, Nebraska, Missouri and Colorado, having a daily capacity of 100,000 barrels of flour. Results of the survey were made public here today through M. F. Dillon, secretary of the association, and are as follows:
The amount of wheat used to manufacture a barrel of flour ran from 4 bushels, 21 pounds to 4 bushels, 36 pounds for hard wheat; 4 bushels, 26 pounds to 4 bushels, 30 1-2 pounds for mixed wheat, and 4 bushels, 25 pounds to 4 bushels, 42 pounds for soft wheat.
Natural wheat as used by the mills had a moisture content of 10.24 to 13 percent and a protein content of 10.60 to 13.95 for hard wheat; a moisture content of 9 to 12 percent and protein of 11.97 to 12.50 percent for mixed wheat, and moisture content of 9.83 to 15.51 percent and protein of 10.68 to 13.72 for soft wheat.
Of flour manufactured, the hard wheat 100 percent flour had a protein content of 10.69 to 13.16 percent and ash of 0.403 to 0.566; the mixed wheat 100 percent flour had a protein content of 8.78 to 12.20 percent and ash of 0.393 to 0.489 percent, and the soft wheat 100 percent flour had a protein content of 10.80 to 11.30 percent and ash of 0.440 to 0.470 percent.

A FINE PRESENT
W. N. Holmstrom has received from his friend, O. P. Russell of Alaska, a pair of beautiful Indian moccasins which came by mail yesterday. They are of Moose skin adorned with beaver fur and handsome bead work.
Mr. Russell has for years conducted a store away up in the arctic circle and says he prefers to live there; thinks it more desirable than Chicago. He is a hundred miles from any white man, far above Nome and among the aborigines indeed.
During the short summer season he is able to raise lettuce, radishes and various garden vegetables which he much enjoys. While he is out at work in his garden he leaves his store unattended and while the Indian children like to go in and look over his stock they have never stolen anything from him though they have had many opportunities. He said his letter would go on the last boat of the season and he will have no more communication with the outside world till May unless a radio which he has installed may give him some bits of information.

SOLVED THE PROBLEM
"I was almost distracted with stomach trouble, gas and colic attacks and didn't know what to do. I had tried everything I heard of, and the doctor's medicine did not help me. A friend told me about Mayr's Wonderful Remedy, and it has solved the problem, as I can now eat anything and have no distress." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale at all Druggists. Adv.

MATRIMONY

Smith-Herman

Roscoe Smith of this city and Miss Florence Herman of Chicago, were united in marriage in Chicago Saturday, according to announcement made to friends in the city.

The groom is the son of Mr. and Mrs. Alex Smith of 662 Caldwell street. For the past several years he has been resident in Chicago and holds a responsible position there. Mr. and Mrs. Smith are to reside in Chicago.

Suiter-Daniels

The marriage of Leo J. Suiter of this city and Miss Martha J. Daniels of Bluffs was solemnized at 10:30 o'clock Saturday morning at the parsonage of Brooklyn church. Rev. G. W. Randle officiating. The ceremony was a very pretty and impressive one and was witnessed by a limited number of the relatives and friends of the young people.

Following the ceremony Mr. and Mrs. Butler left for an auto trip to various parts of the state, and upon their return they will reside with the groom's parents, Mr. and Mrs. J. B. Suiter, 333 Franklin street.

Both the bride and the groom in this marriage event are well known and estimable young people. The groom is employed as a mechanic by the Claus Motor Co. He served during the World war as a mechanic in the air service with the A. E. F. and is a member of the local American Legion post.

The bride was born and reared in this city but more recently has been a resident of Bluffs. She has numerous friends in the city as well as in her home community.

The ceremony yesterday morning was performed in the same spot where the groom's parents were united in marriage 29 years ago. This ceremony was performed by Rev. William Johnson, then pastor of Brooklyn church.

Alred-Dawson

The marriage of Harry L. Alred of Manchester and Miss Robertean R. Dawson of Winchester was solemnized at 9 o'clock Saturday night. The ceremony was performed by Rev. M. L. Pontius at the Central Christian church parsonage, the ring ceremony being used.

The young people were accompanied by Mrs. Walker Bell and Mrs. Harve Smith, both of Winchester. Following the ceremony the bride and groom went to Winchester, where they are to make their home.

The groom is a son of Edward Alred of Manchester and is a mechanic by occupation. The bride is a daughter of Mr. and Mrs. Lee Dawson of Winchester. Both bride and groom are well known and highly respected in their respective home communities.

Luster-Fox

Troy Luster of Alexander and Miss June Fox of this city were married Friday afternoon in St. Louis at the home of the bride's sister, Mrs. Elmer A. Gary. The groom is a farmer in the Alexander neighborhood, and is well and favorably known in that community.

The bride is the daughter of Mr. and Mrs. J. W. Fox of Bedford street. She has been for sometime a stenographer at the Ayers bank. She is a graduate of the Jacksonville high school, and has a wide circle of friends among the young people of the city. Mr. and Mrs. Luster expect to make their home in Jacksonville for the present.

WITH THE SICK

F. M. Coard, who has been ill at his home on Diamond Court for a number of months past, is now in a more serious condition.

Mrs. Eugene Gray of Palmyra who was operated on at Our Saviors hospital last Tuesday is getting along nicely.

Dr. J. M. Swope of Virginia, entered Passavant hospital as a patient Saturday.

Lester Woods of Caldwell street who has been ill at Passavant hospital with pneumonia, was able to be taken home Saturday morning.

F. C. Kircher of Aremville, was in the city yesterday to take his wife home from Passavant hospital. Mrs. Kircher is improving rapidly.

Illinois College Won--J. H. S. Lost to Peoria

Coach Mitchell's Boys First Defeat this Year

Playing a wonderful game both in defense and offense Peoria Central High defeated Jacksonville High School on Illinois field yesterday afternoon 20 to 0. The game was played under ideal weather conditions and before a large crowd.

Jacksonville High played good football in spots but the team as a whole was decidedly off their game. The backfield never played better football. Corbridge, Arnold, Johnson and Harris all played great football, carrying the ball for good gains and playing a good defensive game.

Ralph Corbridge was the bright light in the Jacksonville lineup playing a great game both in offense and defense. His tackling was good and on two occasions he brought his man down after he had broke thru the entire J. H. S. team and was on his way to a touchdown. The Jacksonville line was way off from being very poor in tackling. They seemed to think that the proper place to tackle a man was around the neck and also they failed on numerous occasions to bring their man down when they continued their tactics thru the game. Peoria tackled low and generally brought their man down.

Maple the Peoria quarterback was the star for Peoria. He made several open field runs, at times getting away from six or seven Jacksonville men who instead of getting him low and bringing him down played for his head and he merely ducked them and kept on going.

The Jacksonville backfield made some great gains around the Peoria ends but did not seem to be able to do much thru the line, altho at one period they found a hole in the Peoria line and hit this on numerous occasions for good gains. Most of the Peoria men were stopped by the Jacksonville backfield as the line did not seem to be able to hold them.

Jacksonville had three chances to score having the ball near the opponent goal but lacked the punch. Once with the ball on the Peoria 5-yard line, Smith passed the ball over Arnold's head and Peoria recovered.

"Bob" Harmon of Quincy college refereed the game and kept things moving all the time.

The Game by Quarters.
Peoria kicked to J. H. S. Arnold returned the ball five yards. Arnold went around the end for 20 yards. Corbridge gained 5 yards and Harrison 15. Harrison then smashed thru for 10 and repeated with 5 more. Arnold gained 2 yards. Peoria held. Finn gained 12 yards and Maple clipped off eight. Quick added two yards and it was first down. Finn gained 2 yards and Quick failed. Maple then went around end for 12 and it was first down. Harrison broke thru the line and got Laughlin for a 3 yard loss. J. H.

S. held. Harrison intercepted a pass on the 25-yard line. Arnold went thru for seven. Arnold fumbled and Peoria recovered the ball. Finn gained five off tackle. He gained two more yards. Peoria attempted to pass and it was Jacksonville's ball. Jacksonville punted to the 35-yard line. Maple gained 12 around end. Finn gained three thru the line. Maple dropped back and took the ball and starting thru the line. He ducked the Jacksonville players who were trying to grab him around the neck and when finally brought down had gained twenty yards.

Second Quarter.
Second quarter brought Laughlin down for a loss. Finn gained one yard. Maple gained one yard. Maple called a trick pass and shot the ball over the line to Page, the fast little negro end, for Peoria's first touchdown. Maple kicked goal. Score Peoria 7; Jacksonville 0.

Ruch kicked off to Harrison. Corbridge gained 5 yards and came right back and gained six more. Johnson reeled off 5. Peoria was penalized five yards for offside. Arnold gained five yards and a forward pass failed. Corbridge gained 2 yards. Peoria was penalized five yards for running into kicker. Arnold went thru line for 12 yards. Arnold then gained 7 around end. Corbridge gained 4 off tackle. Johnson gained 4 and then 3 more. Arnold made 5 and came back with 2. Arnold tried to pass over the line to Hopper but it was incomplete. It was Peoria's ball on the 20 yard line. Maple gained 8 and Finn made it first down by gaining 3 yards. Maple dropped back and made a beautiful pass to Page which was good for 40 yards. Maple then made 15 yards around end. Quick gained 5 and Peoria gained 2. Maple gained 6 yards. Finn gained one yard. Peoria passed over the line but it failed. Jacksonville's ball on 20-yard line. Johnson gained 1. Arnold 1 and Corbridge seven. The half ended with the ball in the middle of the field in Jacksonville's possession.

Third Quarter.
Arnold kicked off to Geddis on 45-yard line. Ransdell was hurt and was replaced by Atkins. Maple made a pretty open field run for forty yards. Peoria tried a pass and it went over the line. Jacksonville's ball on 20-yard line. Corbridge gained 2 yards and then repeated. Corbridge punted to Maple. Finn gained 5; Quick 3 and then three more. Maple gained 9 and Finn 2. Maple ripped off 7 yards and then tore thru for 10 yards putting the ball on Jacksonville's 5-yard line. Laughlin made three yards and Finn went thru left guard for a touchdown. A forward pass for the extra point failed. Score Peoria 13; Jacksonville 0. Maple kicked to Arnold who returned it

10 yards. Corbridge gained 2 yards. Corbridge gained 7 yards. Harrison made it first down. Corbridge fumbled and Dewese recovered the ball. Arnold made it first down by gaining 6. Peoria was penalized 5 yards. Corbridge gained 2. A criss cross went for a 4 yard loss. Jacksonville punted.

Fourth Quarter.
Maple gained 8 yards and MeLaughlin broke thru for 20 yards making a dandy run. Sanders kicked off Finn for a 5 yard loss. Maple gained 10 and then 1. Peoria lost on downs. Corbridge gained 5 and Arnold 6. Corbridge then made three straight gains good for 3, 2 and 7 yards each. Arnold gained 5 and Corbridge 3. Johnson reeled off 7 and it was first down. Johnson gained 5. Corbridge 3 and Johnson 2 making it first down. Johnson gained three and then was held. Johnson made it first down, putting the ball on the Peoria 5-yard line. Smith, Jacksonville center, passed the ball over Arnold's head and Finn of Peoria fell on the ball. Maple went 20 yards end and was away when Arnold nailed him. Laughlin clipped off 4 and Quick went thru center for 2. Maple made 6. Maple then made 10 yards. He added 2 yards to his string and Finn gained 2. Peoria tried a pass but Corbridge broke it up. J. H. S. ball. Corbridge gained 5 and Arnold 4. Johnson made it first down. Corbridge tore off 4. Page intercepted Arnold's pass. Maple gained 1 and Finn 5. Maple broke away for 25 yards but Corbridge brought him down. Harrison went out and Jack Benson went in. Finn gained 2 and Laughlin 1. Maple gained 3. Maple went over for a touchdown. Maple kicked the goal. Score Peoria 20; Jacksonville 0.

WHITE HALL GIVES ROODHOUSE TRIMMING
White Hall defeated Roodhouse Saturday afternoon on American Legion field before a crowd of 500 spectators by a score of 10 to 0 in which no scores were made until the fourth quarter when White Hall obtained a touchdown and goal on penalties inflicted on Roodhouse. Later in the same session Bill Smith kicked field goal from the 20 yard line.
Roodhouse had but one letter man in line, Phillips, center, the rest of the team being made up of men from last year's second team. White Hall had the better of the game all the way, Roodhouse holding down the score by an exhibition of sheer nerve. Scott at quarter, Kramer as full and Anthony at half were the shining lights for Roodhouse while Bill Smith at fullback was the most consistent ground gainer for the visitors. This is the first game in which White Hall has defeated Roodhouse since 1920.

OHIO ELIMINATED FROM CONFERENCE RACE BY MICHIGAN

Great Crowd Sees Buckeyes Fall Before Powerful Aerial Attack
AN ARBOR, Mich., Oct. 20.—By the A. P.—Michigan demoralized and overwhelmingly defeated Ohio State famous for its forward passing, at its own style of game today, burying the Buckeyes under a 23-0 score in one of the most startling upsets of the 1923 Western Conference championship season.

The game which resulted in the elimination of Ohio from the championship race was witnessed by a record-breaking crowd of 45,000 spectators, the greatest throng that ever jammed historic Ferry Field. Every inch of standing room was filled and tickets sold as high as \$50 each, although there was little scalping.

The Ohioans with a burning memory of the 19-0 defeat scored against them in the dedication of the Ohio Stadium a year ago, descended upon this university town determined for revenge. The defeat was the worst Michigan had given Ohio since the game of 1909, when the score was 33 to 6. Between 4,000 and 5,000 motor cars, each filled with loyal Ohioans, made the journey from Columbus.

The invaders numbered more than 15,000. The Ohioans hoping to achieve victory with their aerial attack that never seemed to have failed them, were beaten at their own game. The passes of Coach Yost's warriors were executed with astonishing speed.

GIRARD WINS CLOSE GAME FROM WAVERLY
The Waverly High School team went down to defeat at Girard Saturday afternoon when the Girard High took the long end of a 6 to 0 score, in the first few minutes of play.
On the start Waverly fumbled on the 30 yard line Girard covering and carrying the ball over the line by a series of end runs and forward passes, but failed to kick goal.
The rest of the game was a see-saw affair both teams threatening at different times. At one time Girard worked the ball to Waverly's 15 yard line only to lose the advantage on downs. Waverly also lost on downs on the 12 yard line.
Waverly used their regular lineup as did Girard with the exception of their center. On next Saturday Waverly meets Auburn High at Auburn.

ILLINOIS PLANNING FOR WESLEYAN GAME
Students of Illinois college are making great preparations to attend the Illinois-Wesleyan game at Bloomington on Nov. 17th. Wesleyan and Illinois have always been great rivals on the football field, honors being about even when the games are taken as a whole.

The Chicago & Alton have promised the boys on the hill a special train for that date, returning the same day for the rate of \$3.25 for the round trip provided as many as 200 tickets are sold for this train. This will be a splendid game and all boosters and friends of Illinois college will do well to plan to attend this battle and help root Old Illinois on to a victory.

ILLINOIS CAPTURES HARD FOUGHT GAME FROM HAWKEYES

Grange Scored Touchdown in Latter Part of Fourth Quarter
IOWA CITY, Iowa, Oct. 20.—Iowa's football team champion of the Western Conference in 1921 and joint claimant with Michigan to the title last season lost its first game in twenty two starts today when Illinois, thru a fifty yard place kick by Britton in the opening period and an open field attack in the final quarter defeated the Hawkeyes 9 to 6 in a thrilling contest here.

Grange, fleet left halfback of Illinois brought doom to the Iowans and dashed their hopes of another Big Ten title, when Iowa had gone into the lead in the fourth period he took three long passes from Hall, Illinois quarterback which advanced the ball from his own goal line to Iowa's two yard line, whence he took it over on the first play.

Iowa's touchdown in the fourth period came on a beautiful pass Fry to Romey.
Leland Parkin, who won fame last year by scoring against Yale for Iowa, started in the game but was removed to the close of the first half. Kriez shone for Iowa in the line and Parkin, Captain Miller and Fry in the backfield. Captain McMillen played a strong game in the Illinois forward wall and Grange and Britton were the ablest of the Illini backfield.

The lineup and Summary:
Illinois (9) Position Iowa (6)

I. S. D. SCOUTS BEAT TROOP SIX SCOUTS
The I. S. D. Scout Troop defeated Troop Six Saturday morning on I. S. D. field the score being 24 to 6. This was the first game for troop Six and the deaf boys were too much for them, making four touchdowns and no goals principally by end runs. Troop Six' only score came when Smith intercepted a forward pass and made a 60 yard run for a touchdown. The teams will probably meet again in two weeks.

Harmon's Men Won Hard Fought Contest

In one of the scrappiest games ever witnessed on Illinois Field Illinois college won from Normal Saturday afternoon by the score of 7 to 0. Up until the last quarter Illinois dominated the situation for the greater part of the time but in the final session Normal came back strong and several times carried the battle close to the Illinois goal. The game was full of fight at all times and Coach Harmon may well be pleased by the spirit shown by his team.

First Quarter
Roberts kicked to the 35 yard line. Normal returned the ball by a series of plays to Illinois' 35 yard line where they lost the ball on downs. Illinois kicked to Normal's 40 yard line where Normal was held. Davidson negotiated 10 yards around right end and Scott repeated with 15 yards around left end. Illinois intercepted forward pass and carried the ball to 35 yard line and lost it on a fumble. Normal punted the field, a forward pass netting 30 yards, Roberts to Rogers helping wonderfully, the fall finally being worked to within two feet of goal where they were unable to put it over on downs. Normal punted to 20 yard line. On Illinois' 4th down Illinois failed on forward pass behind Normal goal from 15 yard line. Normal punted to 49 yard where quarter ended.

Second Quarter
Illinois lost on downs. Normal made 10 yards around left end, later losing 15 yards on a fumble by Davidson. Normal punted on 4th down to middle of field, Illinois also punting on 4th down and Normal losing the ball soon after on a fumble. Illinois failed on downs and Normal punted to their own 35 yard line. Illinois gained 10 yards by forward pass, Bowman to Witaschek and by a series of straight football, J. Roberts was able to put the ball over for the first and only touchdown of the game, Roberts also kicking goal. Illinois kicked to 30 yards and Normal carried to Illinois 35 yard line. The half ended with the ball almost in the center of the field.

Third Quarter
Roberts kicked to Normal's 35 yard line. Hopper throwing the runner in his tracks. Normal penalized 5 yards for back field in motion. Normal again penalized 5 yards for crawling. Normal punted to center of field. On a long end run Bowman was thrown for a loss of 15 yards. Illinois punted, the ball being held at Normal's 25 yard line. Normal punted to center of field. Normal penalized 5 yards for left guard off side. Illinois lost ball on 4th down on incomplete pass. Illinois penalized 15 yards for interfering. Normal completed pass for 20 yards. Quarter ended with ball on Illinois' 25 yard line.
Score: Illinois 0; Normal 0.

Fourth Quarter
Normal failed to make downs, their right end also suffering a penalty of 5 yards for off side. Illinois kicked to 35 yard line. Illinois regained ball on fumble on their own 30 yard line. Illinois punted to Normal 35 yard line. Illinois penalized 15 yards for roughing. Dale sent in for Johnson. Normal forced ball down the field with several successful criss-cross plays and end runs finally reaching Illinois' 10 yard line, where forward pass failed on the 4th down. Illinois punted to 35 yard line. Normal retired to

20 yard line by complete pass, the game ending with the ball on Illinois 10 yard line.

CORNELL EASILY DEFEATED COLGATE

ITHACA, N. Y., Oct. 20.—Cornell overwhelmed Colgate today 34 to 7. It was Cornell's twentieth consecutive gridiron victory. Colgate was repeatedly disconcerted and fooled by Doherty's effective forward pass attack.
Captain Pfann hurled his passes with unerring accuracy and the receivers almost invariably went for long gains.
Colgate scored in the final period on a forward pass, Hess, substitute fullback to Reddiger. Welsh, Colgate right guard was banished from the game for roughness.

PENN STATE WON FROM NAVAL ACADEMY
STATE COLLEGE, Pa., Oct. 20.—The name of Harry I. Wilson of Sharon, Pa., tonight was on the lips of the twenty thousand persons who saw him with unceasing assistance from his Penn State teammates score three touchdowns, one of them on a kickoff for a 21 to 3 victory over the naval academy eleven here today. Navy clearly outplayed State thruout the game in the matter of ground gained from scrimmage, tallying 45 first downs to State's four.

NORTH DAKOTA FALLS BEFORE MINNESOTA
Minneapolis, Minn., Oct. 20.—Minnesota maintained its much cherished tradition of an annual football victory over North Dakota by a 27-0 win over the veteran Flickertail eleven at Northrup field today which left little doubt as to the tremendous gridiron potentialities of the Gopher machine.
It was the thirteenth consecutive victory in as many years for the Gophers over North Dakota.

**ARMY WON THRILLING
GAME FROM AUBURN**

WEST POINT, N. Y., Oct. 20.—Army defeated Auburn by a score of 28 to 6 today in one of the most thrilling games ever played at West Point.

Auburn threw a scare into Army's ranks in the opening period when, after Bryce of Auburn had blocked an army punt on Army's 25-yard line, two rushes in a forward pass gave Auburn a touchdown and a six point lead. At that point, however, the army braced, its defense became a stone wall when Auburn had the ball and its attack became unstopable.

**MONMOUTH WON
FROM AUGUSTANA**

MONMOUTH, Ill., Oct. 20.—Monmouth dedicated its new \$100,000 athletic field here today with a 10 to 0 victory over Augustana. Quarterback Graham made all the Monmouth points with a 45 yard drop kick plunge thru center for the touchdown and place kick. The game was slow with frequent penalties.

Chicago started the game with a Rush Scoring a Touchdown After a Few Minutes of Play

CHICAGO, Oct. 20.—Northwestern's aerial attack failed to function in the first three quarters of play today and the University of Chicago defeated the Purple 13 to 0. When the passes started to come right for the Purple warriors towards the end of the last quarter, it was too late, for the Maroon defensive held. Twice in the last five minutes of play, Northwestern by adroit passes laid the ball inside of Chicago's five yard line, but both times the Stagmen defensive held and Northwestern was prevented from scoring.

Chicago started the game with a bang when, during the first few minutes of play the Maroon took the ball down to the shadow of Northwestern's goal posts. Captain McElwain stepped back of the goal line and kicked but Sam Hibben, Chicago tackle blocked the kick and dropped on the ball a full yard behind the goal posts. Law failed on the kick.

In the second period, Chicago carried the ball across the Northwestern line on straight line plunges by fullback Willis Zorn, assisted by Halfback Harry Thomas. On almost every place Zorn made from three to seven yards thru the line and for five successive times Chicago made her downs. After Zorn carried it across Captain Pyott kicked goal.

In the third quarter Captain McElwain's rallied when he picked up the ball on their own 25 yard line and ran 50 yards with it. He tried to repeat the feat later but was unsuccessful.

**HARVARD DEFEATED
HOLYCROSS 6-0**

CAMBRIDGE, Mass., Oct. 20.—Harvard defeated Holycross 6 to 0 here today in a game marked by frequent fumbling. Holycross thrice threatened to score in the first half when it recovered the ball three times on fumbles inside the Harvard 25-yard line, but Roosevelt's three attempted drop kicks failed. Harvard scored in the third period on a 20 yard forward pass and run. Pfaffman to Cheek. Spaulding substitute quarterback failed to kick the goal.

**YALE WON RAGGED
GAME FROM BUCKNELL**

New Haven, Oct. 20.—By scoring two touchdowns in the last two periods Bucknell surprised Yale here today, holding the Bull Dog in a ragged game 29 to 14. In the last minutes of play Foster threw two passes putting the ball on the two yard line. Diehl took the ball over on the last down.

**Zev Wins Race From
Papyrus With Ease**

BELMONT PARK Race Course, New York, Oct. 20.—(By The A. P.)—Coming down the home stretch with a blinding, irresistible burst of speed Zev, the Rancocas stable's great son of The Finn-Miss Kearney, scored a smashing, thoroughbred victory for America today, conquering Papyrus, the English derby winner by the decisive margin of six lengths over the mile and a half Belmont Park Course.

With Zev's sensational victory went \$80,000 of the \$100,000 purse for which the classic was fought and the crown of three year old champion of the world, at stake for the first time in one of the most colorful spectacles American turf history has ever known.

Sixty thousand persons, the largest in eastern track annals, gathered in this picturesque Long Island setting in expectation of a tense duel for thoroughbred laurels.

Over a track that was heavy and soggy from several days of rain, Zev answered pre-race fears that he was not in the best of condition by galloping to convincing, impressive victory. After a rather bad start, Zev overtook his rival before the first quarter pole had been reached and thereafter was never headed despite the game efforts of the English champion.

Over the first mile and a quarter it was a thrilling race, Zev leading by practically a length over that distance, running well within himself.

Straightening out his mount for the finishing drive, Earl Sande, premier American rider, gave Zev his head and the colt responded with a terrific burst of speed. Papyrus fell behind rapidly, apparently tired under this withering pace for Zev galloped under the wire full six lengths in the van amid the thunderous ovation from the throng that had watched the struggle in pulsing gripping suspense.

There was no question of Zev's superiority practically from the start and there was no question but that Zev was close to the best form of his brilliant career, the form that had carried him to victory in the Kentucky Derby, the Belmont, and other historic stakes this year and gained the colt the title of American three year old champion.

Zev, always a noted "mud horse," demonstrated he was completely at home in the heavy going and tonight it seemed that the story of Papyrus' defeat lay in part at least to the fact that the derby winner seemed unable to run at his best on the sloppy track.

There was no question but that Papyrus was a disappointment to turf critics.

"Papyrus was not at home in the going," declared Steve Donoghue, the great English jockey, who rode the invader, afterward, and this opinion was confirmed by Basil Jarvis, the colt's trainer, but neither put this forward as an alibi for defeat.

It was Sande's generalship as much as Zev's greatness that brought victory to America. The little jockey who has piloted the Rancocas star to all of his big triumphs out-manuevered and out-thought his opponent.

Fractional times by eighths followed:

13; 25 4-5; 38; 50 2-5; 1:02 2-5; 1:15; 1:27 4-5; 1:40 4-5; 1:54; 2:07 3-5; 2:21 2-5; 2:35 2-5.

The race ranks among the greatest turf spectacles of all time, witnessed by a colorful, notable gathering from all parts of the United States as well as many parts of the world. Numbered in the gathering were men and women prominent in all walks of life and while the gathering as a whole took Zev's victory with natural satisfaction the invader was not lacking in supporting sentiment.

Westerners Excelled Tigers in All Departments of the Game

PRINCETON, Oct. 20.—(By The Associated Press)—Notre Dame today slaughtered the Tiger, 25 to 2. Marching into Jungletown fresh from its victory over the Army, the invader from Indiana launched its attack of end encircling runs and forward passes and allowed the Princeton eleven but two points, made on a safety in the second period.

Four touchdowns by four different players was the toll exacted by the Hoosiers from the undefeated football champion of the Big Three in 1922. D. Miller, Strubdreher, Layden and Maher crossed the line for the midwesterners and Layden succeeded once in booting the ball over the goal posts after touchdown.

Some 30,000 spectators witnessed the battle.

Notre Dame proved far superior to the Tiger in the running game, her line was as tough as a cement wall and she was not afraid to use the forward pass and sometimes could gain on it.

Much of the game was fought in the air. Four Princeton passes were intercepted and three of the bolts hurled by the Hoosiers. Princeton used the forward pass more than her rival. Notre Dame however paved the way to her second touchdown with the pass.

Notre Dame gained 425 yards by rushing to the fifty five yards torn off by the Princeton eleven. In punting however, Princeton had the upper hand, sending the ball 495 yards to the westerners 355. This was the only branch of the game in which the easterners excelled.

The last tally came when Layden intercepted a pass on the Tigers 40 yard line and crossed the line. A kick failed.

The lineup and summary: Notre Dame (25) Princeton (2)

Collins	Left tackle	Drews
Bach	Left guard	Rutan
Brown	Center	Hills
Walsh	Right guard	Bergen
Vergera	Right tackle	Howard
Oberst	Right end	Emery
Murphy	Quarterback	Stout
Strubdreher	Left halfback	Dinsmore
Crowley	Right halfback	Croft
D. Miller	Fullback	VanGerbie
Layden		Snively

Score by periods:

Notre Dame 6 6 0 13—25
Princeton 0 2 0 0—2

Notre Dame scoring—Touchdowns: D. Miller, Strubdreher, Layden, Malver (sub for D. Miller); points from try after touchdown Layden.

Princeton scoring: Safety Layden of Notre Dame.

MRS. C. C. CAPPS PASSED AWAY SATURDAY

Death of Well Known Resident Occurs Following Long Illness.

The news of the death of Mrs. Charles C. Capps, which occurred early Saturday morning, will bring sorrow to a large number of people.

Mrs. Capps has spent almost fifty years in this city and in spite of a long period of invalidism in later years, her characteristic cheerfulness of spirit and interest in people built up around her an unusually large circle of friends. Her home was a center of hospitality and cheer, not only for her family but for many others, old and young, and none were more youthful in spirit than she. Her high courage and steadfast faith carried her thru the days and years of ill-health and kept her in touch with outside life, even when she was practically cut off from its activities. She was an active member of Grace M. E. church.

Marion Grierson Capps, the only child of Major John C. Grierson and Elizabeth Cook Grierson was born Jan. 27, 1857, in Memphis, Tenn. Her girlhood was spent in the south, where her father was stationed in military service, but she spent several summers in Jacksonville and was for a time a student of Illinois Woman's college.

On May 13, 1876, she was married to Charles C. Capps, who survives her, and their entire married life has been spent in this city. To them were born seven children, two of whom preceded her in death: Percy Grierson, who died in 1919, and Elizabeth Grierson in 1912.

The remaining children are Martha M., wife of Dr. Walter L. Frank, Marian MacGregor, wife of Walter Bellatti, and Elsie Pitner Capps, all of this city; also Oliver M. of Berwyn, Ill., and John G. of Hammond, Ind. All of the children were with their mother during her last illness.

The funeral services will be at 10 o'clock on Monday morning at the residence, 252 Park street in charge of Rev. Harry B. Lewis. Interment will be in Diamond Grove cemetery. Friends are asked to omit flowers.

BOY SCOUT TROOP AWARDED STREAMER

Members of Boy Scout Troop NO 4 of Central Christian church are rejoicing over the fact that they have been awarded the Harding round-up streamer. This is the second local troop to be awarded this honor and it came as the result of increasing the membership of the troop 25 percent.

The award was made a number of months ago during the absence of Scoutmaster Richard McCarty, and was not presented to the troop until a few days ago. A letter came from the late president expressing his good wishes and encouraging the Scouts to carry forward the good work in which they are engaged. The late president was an honorary member of the B. S. A.

Credit must also be given to Troop 10 of the Christian church which Troop 4 organized. The members of this troop aided a great deal in securing members for the older troop. Troop 4 has been in existence for the past four years and is carrying on regular Scout work meetings being held each Thursday night at the church.

OUT OF TOWN SPEAKERS

Announcement was made yesterday of the out of town speakers at the community dinner to be given tomorrow evening by the Morgan County Anti-Tuberculosis society. Dr. George Thomas Palmer, president of the State Tuberculosis association and member of the executive committee of the National association, is to make an address during the evening, as well as Dr. Inas Rice of Aurora. The latter is the superintendent of one of the most successful sanatoriums in the Mississippi valley, and both men will be well worth hearing.

As both of the out of town speakers must necessarily leave early, dinner will be served promptly at 6 o'clock and guests are asked to arrive early.

VISITING RELATIVES HERE

Mr. and Mrs. J. A. Arenz came to Jacksonville Saturday to attend the college football game and while in the city are guests at the home of Mrs. Frank Ledford, who is Mr. Arenz's sister. Mr. Arenz is numbered among Jacksonville young men who has been very successful in a business way, and he is now president and general manager of the U. S. Electrical Jobbing Co., of Springfield. The offices were formerly in Peoria but it was found that Springfield was a better distributing point for the wide area in which the company is doing business, and a change was made to the latter city.

ROBT. RANSON WILL PLACED ON RECORD

Deceased Made \$500 Bequest to Lynnvill Christian Church—All Personal Property Given Widow With Life Interest in Real Estate.

The will of the late Robert R. Ranson was made a matter of record Saturday in the office of County Clerk G. L. Riggs. Mr. Ranson provided for the payment of debts and bequeathed \$500 to the trustees of Lynnvill Christian church. This fund is to be paid from the sale of personal property and all other personal property is bequeathed to Mrs. Isabel Ranson, wife of the testator.

All of the real estate is also bequeathed to Mrs. Ranson, for her life. It is provided that as long as her two daughters, Nettie and Gertrude Ranson, remain at home and unmarried, that Mrs. Ranson is to pay to each of them \$250 per year. After the death of Mrs. Ranson the property is to be divided equally among the five children: Nettie Ranson, Gertrude Ranson, Mabel Watson, Clarence W. Ranson, Ernest R. Ranson, and a grandson, Robert A. Marshall, son of a deceased daughter. The usual provisions are made with reference to the death of any one of the children or the grandson, prior to the death of Mrs. Ranson.

The two sons, Clarence and Ernest R. Ranson, are named as executors of the will to serve without bond. The will was made Feb. 8, 1923, with C. W. Boston and W. H. Self as the witnesses.

K. P. ONE HUNDRED ORGANIZES FOR SMALL

Seek to Aid Governor in His Campaign for Re-nomination—Pledges Will Be Secured

The K. P. 100 club of Jacksonville, Ill., who have a \$7,000.00 club house on the river at Meredosia recently organized a Len Small hard road club with the purpose of electing Mr. Small governor in 1924.

The K. P. 100 club is made up of Knights of Pythias, but is no way connected with the Knights of Pythias order. They believe that in electing Mr. Small will be the only way to get hard roads thru Illinois with little expense to the general public and at the same time have just as honest a governor as can be had.

The club in its efforts to help Mr. Small, elected Dr. A. M. King, president and Clifford Strandberg, secretary and treasurer, with the following captains:

William Arenz, Alexander Armstrong, Otto Buhrman, J. F. Claus, Arthur Conlee, T. C. Chumley, Richard Dowsorth, James Guyette, Harry Herring, Ed. Hopper, Dr. A. M. King, Charles Reinhardt, Kenneth Barton, Charles Godfrey and William Ricks.

Each of the 15 captains have pledged themselves to secure 15 boosters for Small, who in turn will secure 15, making a total better than 3,500 names pledged.

In securing these names the K. P. club does not rely on the verbal promise, but ask that the following pledge be signed:

"I, _____ of Jacksonville, Illinois, by joining the Len Small Hard Road club, pledge my support to him for Governor of Illinois in 1924."

The members of the club with their fine club house at Meredosia are naturally especially interested in a hard road from Jacksonville to Meredosia, and believe that to support Governor Small's hard road program will be the surest way to secure this improvement.

TO HOLD DISTRICT CONFERENCE HERE

The new Methodist district superintendent, Rev. A. S. Chapman, has called a conference of all ministers, district stewards and leading laymen of the district for Tuesday and Wednesday, Oct. 23 and 24. Sessions will be held in Grace church, and will begin Tuesday afternoon and continue until Wednesday noon.

Among the speakers at the various meetings will be Rev. G. E. Springer of Petersburg, Rev. Christie Galester of Carrollton, Rev. George Hayes of White Hall, Rev. C. C. Nording of Winchester, and Rev. W. S. Phillips of Carlinville.

On Tuesday evening a mass meeting will be held at Grace church, which will be devoted to an address by Dr. W. J. Davidson, president of the Illinois Wesleyan university, on "The Church in the Life of Today." The closing hour of the conference on Wednesday will be in charge of the district superintendent.

MRS. COE RETURNS FROM EASTERN TRIP

Mrs. E. M. Coe has resumed her duties as bookkeeper for the Illinois Telephone Company, after a very pleasant trip to the east. Mrs. Coe visited her childhood home at Providence, Rhode Island. Stops were also made at Philadelphia, Boston, Columbus, Ohio, and Indianapolis, Ind.

One of the most interesting features of the trip was a visit to the battlefield at Gettysburg. The first Sunday was spent at North Adams, the second at Providence and the third in the Pennsylvania mountains. Mrs. Coe's father and mother are buried at Providence, which was for years the family home.

The trip east was made by train but on the return Mrs. Coe accompanied her brother, Dr. Macfarlane and wife of Chicago and another sister, Mrs. Meardon.

SOCIAL DOMESTIC SCIENCE CLUB MEETS

The Social Domestic Science club was entertained Friday afternoon at the home of Mrs. Katherine Halthman on South Prairie street. There was a large attendance of members and six guests were also present. The out of town guests were Mrs. Williams of Clarkville, Mo., and Mrs. Jessie Burchart of Greenfield, Ill.

The newly elected officers were installed by Mrs. M. B. Davis. The Secretary and Treasurer made their reports which showed that the club had done much the last year in the way of charity work. During the social hour refreshments were served by the hostess, assisted by Mrs. M. B. Davis, Mrs. Elizabeth Weir and Mrs. H. M. Jones. The club adjourned to meet with Mrs. Emma Williams the third Friday in November.

MOTHER OF DEAD MAN NOT LOCATED

Up to late last night police failed to locate Mrs. Margie Trent, whose son, William Trent, is reported dead in Kansas City. Yesterday police received a telegram from a Kansas City undertaker announcing the death and asking that the man's mother be located and notified as she is supposed to reside here. Her name does not appear in the city directory, but police are endeavoring to get trace of her as soon as possible.

Hardly since the bonanza days of the Russo-Japanese war, when Japanese government contracts for everything from bully beef to battleships were to be had for the asking, has such an opportunity been presented to business men with connections in the Far East.

In rebuilding the devastated,

however, Japanese products, particularly the industrial district of Osaka, will probably be used to a greater extent than foreign business men anticipated, for Japan has progressed far along the road of industrialism since the days of the war with Russia when the island empire was almost entirely dependent upon the western countries for factory products. Nevertheless, reports that the destroyed areas will be rebuilt along the lines of western cities encouraged exporters to hope that

FOURTEENTH ANNUAL TUBERCULOSIS MEET

Will Be Held in Springfield October 29th and 30th—Present Day Conditions to be Discussed.

SPRINGFIELD, Ill.—(By the A. P.)—Fourteen years of progress in the organized fight against tuberculosis will be reviewed and a program of future endeavor will be outlined at the fourteenth annual meeting here, October 29 and 30, of the Illinois Tuberculosis association.

Dr. George Thomas Palmer, of Springfield, the president will review 'Fourteen Years Retrospect' at the opening session, Monday evening, October 29. Other officers will detail the year's work in their annual reports, leaving the program for the future to be developed in the remaining sessions. Dr. F. A. Laird, chief state veterinarian, Dr. Roswell T. Pettit, of Ottawa, and Roy L. Moore, high school supervisor at Eureka are other speakers for the day.

Sanatoriums will get the rest of the afternoon's attention, the leaders including Dr. A. E. Hubbard, Peoria; Dr. E. S. Murphy of Dixon; Mrs. Jacob A. Boehr, Bloomington; Dr. L. P. Rice, Aurora; Dr. J. J. McShane, of the state department of health; Dr. W. C. Martin, Urbana; Dr. Oliver J. Flint, Princeton; Ed. W. E. Rice, Tuscola; Dr. E. M. Disney, Mackinaw, and Dr. J. W. Pettitt of Ottawa.

Dr. L. C. Taylor, president elect of the Illinois State Medical Society, and Mrs. George T. Palmer, president of the Illinois Federation of Women's Clubs, both of Springfield, Miss Mabel Dunlap, Moline, president of the State Association of Graduate Nurses, and Dr. E. W. Fliegenbaum of Edwardsville, will speak in the evening.

A Christmas Seal Sale conference, Tuesday afternoon will conclude the meeting. Executive secretaries of the Tuberculosis association of Ohio, E. G. Peterson of Michigan, T. J. Werle, Indiana; Murray Auerbach, will be the speakers.

ENGLAND EXPECTS COLD WINTER

Glasgow, (A. P.)—An early and severe winter for the British Isles is predicted as a result of the appearance of the first week in September of snow on the sides of Loch Lomond.

PAYS HUGE PROFITS
Viennese (A. P.)—Cocaine smugglers are active in Austria, bringing in the drug from Germany and France. The police not long ago found a consignment of 169 pounds. One kilogram was sold recently for the equivalent of \$2,100. It was purchased first for \$56.00, the profits of middlemen accounting for the spread.

THE COAL SITUATION

Commodity—Not Securities—A Buy, Says Babson

Wellesley Hills, Mass.—There seems to be plenty of coal according to a statement issued today by Roger W. Babson, the statistician, who has just completed a survey of the coal situation.

"A year ago, this country was emerging from the chaos of the great bituminous coal strike of 1922," says Mr. Babson. "The output for practically five months, April thru August, was held on a minimum level. As a result, the total production of bituminous coal last year was the smallest in twelve years. Not only were stocks of coal low, but transportation facilities were unable to meet the urgent demand from manufacturing interests. It was difficult to obtain prompt and adequate deliveries. Consequently, prices of coal soared and remained high during the fall and early winter period."

"The average price of soft coal in October, 1922 was \$4.40 per ton at the mine—a level 266 percent over the pre-war average. Today, we find a contrary condition. A strike this year was avoided and production held on practically a record basis. During the first 230 working days of this year, the output has exceeded 413,435,000 tons, against 271,015,000 tons during the same period last year. In fact, we have produced more coal to date than was brought to the surface during the entire 12 months of 1922, the exact figure for last year being 407,894,000 tons. Incidentally, the output this year has been exceeded only once in the history of this country; that was in 1918, when 579,385,000 tons were produced. It is not surprising in view of current figures that commercial stocks of bituminous coal have jumped. Statistics show that on September 1, stocks were estimated at 56,000,000 tons, or the highest volume since April, 1922. Present stocks represent an increase of 35 percent over the low last March and 300 percent over a year ago."

"The effect of excessive soft coal production, large and increasing stocks, diminishing industrial demand and relatively favorable railroad conditions has been pulling the price level down month after month. With little interruption, prices have continued downward since August, 1922. Today, the price at the mines is approximately \$2.40 per ton, or 100 percent over pre-war levels, compared with 266 percent a year ago. Economically there cannot to a further marked price decline. In fact, conditions point toward a firm price level over the fall and winter months. We are now entering the period of maximum consumption and the customary seasonal strain on our railroads. Stock protection over the fall and early winter period should not be postponed."

"So far as the securities of coal companies are concerned there is no occasion for anyone to become optimistic. To be sure, in the list of stocks and

bonds of companies representative of the soft coal industry, there is wide variety. The stocks of the older, and better-known companies are, by no means, low in price. In view of the general trend in the speculative markets, there is no incentive for purchasing. For the long pull, stockholders must bear the brunt of the struggle which the industry faces, against the pressure of rising costs thru union demands on the one hand, and a condition of over-production combined with increasing favor for oil as fuel to limit the selling price on the other."

"Bonds issued by a coal mining company can hardly be said to have the qualifications commending them to conservative investors. In the first place, the mining industry represents a liquidating proposition, that is, each ton of coal taken out, reduces the assets ultimately available. Serial maturities, or a sinking fund charge, have been adopted in some cases to meet this objection. But such a fixed charge entails a serious depletion of working capital in times of full operation and makes the cost of coal mined practically prohibitive in times of severe competition. In any event, it must be obvious even on casual reflection that, after a period of years of large demand and good prices for coal such as we have had, any new borrowing either to expand mining operations or carry a large inventory, does not evidence conservatism."

"Under the present outlook for business the Babsonchart shows it this week at 10 percent below normal. I would rather have the bond of the power company or railroad which uses the coal than to cast my lot with the fortunes of the coal mining industry."

OLDEST BUS DRIVER.

Carlyle—In this little town of Carlyle is the oldest "jitney bus" driver in Illinois according to local authorities. George Loecey, 76 years old, a veteran of the Civil War, has kept up with the march of the "horseless carriage," from the time the chain drive two cylinder, air cooled, 20 horse power vehicle built like heavy buggies were put on the market. Loecey says he has transported passengers an aggregate 100,000 miles in this vicinity, and has never had a serious accident.

NEXT CONFERENCE MAY BE HELD HERE

International City Planners are Considering United States for Next Meeting—Never Held Here.

New York—The International City and Town Planning Conference may hold its 1924 session in the United States, according to Willard Reed Messenger, who was America's delegate to the meeting at Gothenburg this year. Mr. Messenger said he was in cable communication with officials of the Conference and that his invitation had received almost unanimous support.

"The international conference never has been held in the United States," he said, "although it has met in nearly all of the European countries. I think it would be beneficial not only to this country but to the others participating if the conference decides to come here in 1924."

WILL HOLD JUBILEE

Belleville, Ill. (By the A. P.)—Seventy-five years of service in this city will be celebrated by the Jackson Street Methodist Episcopal church, the week of November 4. The Diamond Jubilee, as the week will be regarded, will include an address by Bishop John L. Nuelson, who is on a vacation in this country from his work as supervisor of Methodist churches and work in Germany, Switzerland and Russia.

Oliver Hamilton left yesterday morning for Chicago, where he expects to visit friends during this week.

RUSSIANS THROG GREAT AUDITORIUM OF NOTED THEATRE

Many Archdukes and Other Exiled Nobles of
Russia Attend Champs Elysees on Opening

Americans—Tourist Dollar of Great Value

PARIS, Oct. 20. (By the A. P.)—France all unwittingly has gone half dry—this without constitutional amendment or a prohibition act. Official statistics just issued reveal the fact that the consumption of spirits has decreased to less than one half what it was before the war.

There are two reasons for this—first, the inhabitants in the north and east, where small beer and watery cider are the local beverages, usually took one or more drinks of hard liquor to supply the kick missing from their concoction, and were consequently the principal consumers of spirits. During the war wine only was served out as a ration and the people, acquired and kept in peace time the habit of drinking it.

The second reason is the very

high taxes imposed on spirits. Before the war the French workmen began his day with a cup of black coffee and a small glass of liquor, the cost of which in small cafes was equivalent to about four cents. The same combination nowadays costs 30 cents or more, and as thrift is the Frenchman's ruling passion, he has abandoned the glass of liquor.

The first night of the short Parisian season of the Moscow Art Theatre before departure for New York was remarkable in that the great auditorium of the Champs Elysees theatre was almost entirely filled with Russians, among them many archdukes and other exiled nobles of the Czarist regime, with an extraordinary display of jewels and

GOVERNOR TO ADDRESS COUNCIL OF WOMEN

Gov. Small to Give Address Before National Council of Women in Decatur.

The Decatur Review in a recent issue carries an article with reference to the coming biennial meeting of the National Council of Women which is to be held in Decatur Oct. 29-Nov. 2. Governor Lea Small is to be a speaker on the opening day and will speak at the Hotel Orlando on Monday, Oct. 29. The clipping from the Decatur paper is given below:

The addition of Governor Small to this program strengthens the program is not complete as yet, but soon will be in the hands of the printer. Plans are being made to make this one of the big conventions of the year, and coming as it does so closely to the international meeting which in 1925 will be held in Washington, D. C., added interest centers about it.

From Over State
This meeting brings not only the prominent women of one big organization, but the prominent women of nearly 40 such organizations into Decatur for these days. The best speakers from each are being chosen so that Decatur women are assured of having the best the country has to offer them. It is a rare opportunity and one which women from all over Illinois are planning to take advantage of, even if not chosen delegates, ones what already promises to be a wonderful list of addresses. Many of the women from the smaller towns surrounding Decatur are planning to attend the meeting and are making reservations for those dates in the hotels.

Officers

The officers for the National Council of Women will come from all over the United States. They are:

President—Mrs. Phillip North Moore, St. Louis, Mo.
First vice-president—Mrs. Nathaniel E. Harris, Bradford, Pa.
Second vice-president—Mrs. Thomas G. Winter, Minneapolis, Minn.
Third vice-president—Miss Anna A. Gordon, Evanston, Ill.
Recording secretary—Mrs. Mary M. North, Herndon, Va.
Corresponding secretary—Mrs. Flo Jamison Miller, Monticello, Ill.
Treasurer—Dr. Emma E. Bawer, Port Huron, Mich.
Auditor—Mrs. Ruth May Fox, Salt Lake City, Utah.
Historian—Miss Lucy E. Anthony, Moylan, Pa.

COLLEGE OF MUSIC NOTES

Director Henry Ward Pearson will commence the series of faculty recitals by an organ program on Monday evening, October 22, at 8:15 in Music hall. A most interesting choice of compositions will be presented at that time, including numbers by Bach, Brahms, Debussy, and other well known composers for the organ. The public is cordially invited to be present.

Mr. Chappuso, the eminent pianist who opened the Artist Course on Monday, was informally entertained on that day by Miss Florence Kirby, who has coached with him for several years in Chicago.

Madame Colard gave a much appreciated program of songs at the High school and Junior High school assemblies on Thursday morning. Miss Sapio was at the piano.

Mrs. Martin was accompanist at a meeting of the Strawn's Crossing Woman's club, which was held on Tuesday evening, October 16, at the home of Mrs. Rawlings.

Christina Cotnam appeared at the recent luncheon of the Woman's club, giving several violin numbers.

Elva Becker, pupil of Mme. Colard, gave a short program of songs at the Parent-Teachers meeting held on Tuesday, October 16, in the Fourth ward school.

Orchestra rehearsals were resumed on Tuesday, October 16, with an unusually good attendance by the students.

Mrs. and Miss Horsburgh and Miss Sapio gave a "house-warming" party on Saturday evening for several of their friends among the faculty and students.

Lois Broadstone, graduate in the Public School Music Supervisor's Course of 1923, is acting supervisor of music in the Jacksonville High school, David Prince and grade schools until Miss Lena Hopper returns from her leave of absence.

Marlin Terhune is teaching harmony, music appreciation and history of music in the Peoria High school, where she meets seventy-five pupils five times in the week. These courses are especially helpful to those intending to take up the study of music after graduating from High school.

Gwendolynne Schroyer, pupil of Mrs. F. C. E., sang at Grace church on Sunday, substituting for one of the regular choir members.

William Randle, a member of the High School football squad, suffered minor injuries while playing in the game Saturday afternoon.

ART TREASURES SOLD TO AMERICANS

LONDON.—(By the A. P.)—Art collectors from America have sent more treasures to America since the war than were purchased by Americans during the 20 years previous to 1914.

English collectors explain that this is the result of the need for cash which is being acutely felt in England. Many formerly wealthy art collectors are forced to sell their possessions in order to meet high taxation and living costs. There seems to be no such condition among the American

collectors, for their English agents are everywhere and always ready to seize upon any treasures that are for sale. In fact, so anxious are some of the agents to buy that they have adopted the method of calling on well known collectors and making them offers for various objects.

Art objects to the value of \$10,000,000 were shipped to the United States last year.

ASBURY LADIES AID HAD MEETING FRIDAY

The regular meeting of the Ladies Aid society of Asbury church was held Friday afternoon at the home of Mrs. Chauncey Carter southeast of the city. There was a large attendance and the session was an interesting one. Plans were made for the annual bazaar and supper to be held on Dec. 13, and plans were also discussed for a Halloween social to be given in the church basement. After the business session came a social hour and the serving of refreshments by the hostess.

Miss Esther Davis was in Chicago Saturday attending the annual fall luncheon of the Chicago Woman's College society, which was given the Rose of the Hotel Sherman.

Have Been Attained by Keeping a Car Properly Lubricated.

The essential difference between an old car and a new car is the amount of wear that has taken place in the old car. Every mechanical wearing piece of any importance in any automobile is provided with some means of lubrication. This shows that the factory who made the car recognized the importance of lubrication.

The cost of lubrication is about 2 per cent of the cost of new parts. Are you anxious to increase your operating cost 98 per cent?

CELERY

WHAT do you do with the coarse outer stalks of celery? Consign them to the garbage can with a sigh as useless?

In order not to repeat flavors, do not serve the cooked dishes the same meal you serve the fresh celery.

Care should be taken that the pieces used for cooking are quite as crisp as those served fresh. Crisp in cold water, removing any rust, blanch and drain.

If these suggested precautions are kept in mind when preparing celery you will find that your original purchase answers a two-fold purpose and a delicious hearty vegetable develops from the usual waste included in a bunch of celery.

The recipe for celery soup is not included in these rules as it was used a short time ago. These recipes may be just what you've been wanting. Anyway you will like them.

Celery Sticks

Twelve stalks celery, 1 tablespoon vinegar, 2 tablespoons butter, 3 tablespoons flour, 1 cup milk, 1 teaspoon salt, 1 teaspoon pepper, 1 teaspoon lemon juice, 2 eggs, fine dried bread crumbs.

crumbs, dip in eggs slightly beaten, roll again in crumbs and fry in deep hot fat. The fat should be hot enough to brown an inch cube of bread from the soft part of the loaf in 60 seconds.

If the celery and sauce are prepared in the morning the dish is easily and quickly finished at dinner time.

Celery au Fromage
Three cups celery, 2 tablespoons butter, 1 tablespoon flour, 1 teaspoon salt, 1 teaspoon pepper, 1 teaspoon paprika, 2 tablespoons grated cheese, 1 teaspoon lemon juice, 2 tablespoons minced parsley, 1 pimento.

Cut celery into inch pieces and measure. Drop into slightly salted boiling water and cook until tender. Drain. Melt butter in a smooth sauce pan, add celery and stir over a low fire until well coated with butter. Sift over flour and stir carefully to avoid crushing or breaking celery.

Add milk, salt, pepper and paprika and cook until thick. Add one tablespoon cheese and lemon juice. Turn into a hot dish, sprinkle with remaining cheese and brown quickly in a hot oven. Surround with a ring of parsley and drop bits of pimento over the dish.

Celery is often served in a white sauce on toast. This with crisp bacon makes a delicious luncheon dish.

The English make a dish of celery, a little onion, macaroni and white sauce that is unusual and piquant.

The leaves of celery can be easily dried and used to advantage in soup when celery becomes high and scarce.

ARE WE QUITTERS

To the Editor of the Journal:
You are doing a great community service in giving much space to the problem of our County Tuberculosis Sanatorium fund. On November 6, we are to vote upon the question, whether we shall have our county commissioners keep the sanatorium open or close it for the time being in order to save several thousands of dollars to be spent on other county needs. We must get before the voters the facts concerning other successfully managed county sanatoria.

We, of Morgan county, can do

Why Dread Washday?

If you still use old-fashioned tubs, washdays are hard, back-breaking days, of course. A set of modern laundry tubs, with hot and cold water ends that, and lots of other washday trouble. The cost of this convenience is moderate.

C. C. SCHUREMAN
PLUMBING AND HEATING

anything that other counties of our size can do. We have done more than most counties of this state have done in fighting tuberculosis. Up to within two years ago our Anti-Tuberculosis League was supporting a county nurse and a clinic. I have been one of the directors of this League. I must confess, I suppose, to being partly responsible for the discontinuance of the County Tuberculosis Nurse and clinic. It was a mistake. Many cases of tuberculosis hide away—even sanatorium cases must be searched out and brought to the sanatorium.

This educational and preventive work has not been done for over two years. Therefore a number of beds have been unoccupied which should have been. If it is true, as the health authorities estimate, that there are between 200 and 300 cases in Morgan County today, can we as wide-awake citizens vote to back-track in this great fight? Is that the quality of our citizenship?

If it is true, as the Public Health Department has calculated, that \$344,000 has been lost from preventable diseases in one year in Morgan county and that \$556,000 of this has been from tuberculosis alone, are we not justified in voting to instruct our county commissioners to spend the funds necessary to put our sanatorium on a stronger basis and render it an efficient adjunct of our Public Health program?

What are a few thousand dollars compared with this loss of \$556,000 due to many people being laid aside and many supported in lingering illness and perhaps spreading the contagion. But the cost of the sanatorium is a vital problem to our commissioners. We must learn how the cost can eventually be lessened by the receiving of pay patients from other counties. This is the problem to be discussed at the big community dinner at the Christian church tomorrow evening. Let every one invited be sure to come and get the light which will there be presented. Scores of lives hang in the balance on our decision November 6.

Tears, heart-aches and countless losses many be spared if Old Morgan County plays the brave part.

Yours sincerely,
Thomas W. Smith.

Here one finds both restraint and abandon, modes that are

conservative, classic, distinguished, novel and unique but always well bred. And as to price, most modest. We believe it conservative to say Jacksonville never before has seen Fashion ascend to such heights of cleverness. Come in tomorrow and see the very newest arrivals.

Wrap-Around Coats are Among the Favorites

The new wrap-around Coats, straight of line flaring from the knee, are here, in the rich pale fabrics, such as gerona, burolaine, ormandale, as well as in flamingo and smooth finished wool broadades. The snug fit at hip and waist, the close or flaring sleeve, and the huge bolster, crush and shawl collars of becoming furs are indeed achievements.

CROP YIELDS ARE MUCH REDUCED

Crop Prospect Falls Off on Account of Frost and Wet Weather.

Springfield, Oct. 20.—Illinois crop prospect fell off about 10 million bushels during September due to frost and wet weather damage, but continues to be the average, according to the report of the federal reporting service for Illinois. The yield and quality of spring wheat and barley is the average, the report says, while the fall market

movement of wheat from farms is less than usual. "Spotted to extensive frosts largely confined to the northern third of Illinois, and including eastern counties in the upper half of the state on September 13, represent the outstanding damage factor with prolonged wet weather causing varying local damage to corn that had been blown down especially in central and southwestern counties," said the report. "The October 1 condition of Illinois corn of 85 percent of normal represents a reduction of five points from the usually high crop promise on September 1, and compares with the ten year average condition on October 1 of 76 percent. The state crop outlook is now placed

at 338,707,000 bushels compared with 313,074,000 last year, and the average of 338,259,000 bushels for the past five years. U. S. corn production estimated to be 3,021,454,000 bushels compared with 2,891,000,000 last year and the average of 2,931,454,000 bushels. "Threshing Completed" "The threshing of small grains has been completed following one of the most unfavorable threshing seasons in years. Illinois farmers lost approximately 8,000,000 bushels of oats from damage in the shock. Reporters returns show the average yield per acre of oats in Illinois this season to be 35 bushels compared with 28 bushels last year and the average of 35.7 bushels. The state oats production is 138,793,000 bushels compared with 110,010,000 last season, and the average of 171,843,000 bushels compared with 1,201,463,000 last year, and an average of 1,378,000,000 bushels. "The average yield per acre of spring wheat for the state is 18 bushels, or about average, on 116,000 acres, totalling 2,088,000 bushels. U. S. spring wheat production is 213,351,000 bushels compared with 275,887,000 last year, and the average of 244,943,000 bushels. U. S. estimate for production of all wheat is 782,000,000 bushels compared with 862,000,000 a year ago, and the average of 835,000,000 bushels. Returns from exports in Illinois indicate that about 65 percent of this seasons wheat crops has been moved from producing farms to market. This compares with 73 percent a year ago, and the ten year average of 68 percent.

WINTER WEATHER IN CENTRAL WEST

Jacob Strawn, Jr., returned yesterday from an extended stay in Denver, Colo. He reports that the forces of winter are already gathering for an assault on the central west. Wednesday a blizzard struck the mountain districts and it is reported that there is now sixteen feet of snow in the passes.

Mr. Strawn reports that labor conditions in Denver are serious. Unemployment is everywhere. A bank advertised for help and 122 persons applied almost as soon as the paper bearing the ad was off the press.

NOTED GEOGRAPHER IS LOCAL VISITOR

Frank B. Voorman, Author and Lecturer, Conducts Research Work Here—May Speak to Clubs.

Frank Buffington Crooman, one of America's foremost lecturers and a geographer and agriculturist of prominence, is a frequent visitor in this city. He is soon to establish temporary headquarters in the city, from which he will conduct agricultural research and development in conjunction with a local real estate firm. Mr. Voorman has been in the city during the past week, and has met a number of Jacksonville people. It is hoped to secure him as a speaker before one of the local civic organizations in the near future.

Mr. Voorman is a graduate of Washington College, Kansas and Beloit college Wisconsin. He has done postgraduate at the universities of Harvard, Berlin and Oxford. He was for a time a lecturer in Economic Geography at Oxford, where he received the degree of B. Sc., in return for a thesis on the economic geography of northern and western Canada.

He is the author of two books, "The New Politics," and "Theodore Roosevelt, Dynamic Geographer," both of which were published by the Oxford University Press. He is an authority on international business relations. He believes that the United States is the hope of the world, not in that we hold all the meat tickets, but that we have institutionalized the altruistic spirit as opposed to the selfish spirit lying at the foundations of so many interpretations of democracy.

The visitor is a brother of Carl Schurz Voorman, assistant secretary of Agriculture of the United States. Both these men believe in the vital relation between economics and agriculture. The assistant secretary owns 4,000 acres of rich mid-western land, which he operates in accordance with the most approved methods. It is hoped that Mr. Voorman may be secured to deliver one of his brilliant lectures in this city. He has the following subjects: "The American Idea," "The Obligations of Freedom," "East of West," and "The Pagan Renaissance." Mr. Voorman has been written up in the American Magazine. He is a native of Michigan, and altho he has been a great student of British conditions, he is intensely American.

MOOSE WILL BUILD FREE GYMNASIUM

BLOOMINGTON—(By the A. P.)—Construction of a gymnasium of an unusual kind because of the purpose to which it will be devoted, is the goal of an \$8,000 drive to be launched here by the Loyal Order of Moose.

The gymnasium will be built in the new Moose Lodge and when completed will be turned over to the poor children of the city. Later a swimming pool will be installed to be used, free of charge, by those children who cannot afford to pay for the privilege of using it. The gymnasium, however, will be free to all. The Y.

W. C. A. here has furnished soliciting committees which have already started to raise funds by subscription from Bloomington people.

Mrs. Ardeen Linder and Mrs. Isen Linder of Carrollton, were guests yesterday at the home of Dr. and Mrs. Elsworth Black. Mrs. Black and children are spending the week-end in Carrollton.

CUBANS KEEP AUTOS IN FRONT HALLWAYS

Streets Narrow and Houses Joined Together—Houses Have Wide Doors—Accessories Kept Hidden.

HAVANA.—(By the A. P.)—There are many strange sights for the tourist to see in Havana, but perhaps one of the most surprising comes when he visits a Cuban home and sees the family automobile sitting in the front hallway. In all of downtown Havana, with its population of some 400,000, space is at a premium. Streets are narrow and houses are joined together and are flush with the sidewalk. When the automobile came along many families who could afford one did not feel able to pay garage rent, or did not care to have their machine kept blocks or even miles away. Practically all of the front entrances have wide double doors, and so the cars found parking space indoors, usually near the staircase. They can be seen in scores of homes, but the oil cans, extra tires and greasy cloths usually found in an American garage are tucked away out of sight.

MAD SCRAMBLE FOR LARGE JAP ORDERS MADE BY ENGLISH

(Continued From Page 9)
they will be sending shiploads of material to the orient.
The federation of British industries is leading in the effort here to assist English firms to land contracts and has announced a project whereby a group of non-

competing manufacturers hopes to maintain its own representative in Japan. The scheme is intended for those manufacturers who do not maintain their own men in the Japanese empire and therefore it does not involve competition with already established firms. The British group plans some sort of permanent exhibition of British products in Japan and a permanent representative acquainted with American methods in exporting, for it is expected that the principal competition in contracting for the reconstruction work will be mainly from the United States.

The English farmers are demonstrating their kinship with the American soil tillers by complaining about the crops. The year 1923 was forecast as a likely banner year in agricultural England, but the seasons here are mysterious and frequently ruinous to the hopes of the farmers, and with the exception of hay the crops this year have been generally poor, nearly all being below the average for the last ten years.

Just now the farmers are taking advantage of the presence in England of the dominion premiers who are urging the adoption of a system of preferential tariffs for British dominion products. The farmers are not urging a duty on wheat and barley, for that might endanger their supplies of bread and beer, but they do want duties levied on other products, maintaining that unless something is done to rescue the farmers from their plight, England's whole agricultural structure will go to pieces.

The farmers have already threatened to turn half of all the tillable land in the country to grass unless the government acts in their behalf, but rescue work in the form of tariff reform seems unlikely. Most of the experts argue that a tariff surely would increase prices of food. And in England, where the land itself feeds the people of the country one day each week, imported foodstuffs being required for the other six, any substantial increase in the cost of foodstuffs is likely to mean an end to the government in power at the time.

Maurice Ravel, the famous French composer, is of the belief that the origin of jazz music is not alone attributable to the American negro, but that the English and Scotch people had something to do with it. Whoever started it, those composing it in America today have the approval of M. Ravel.

"The best jazz is written by good musicians and contains the essential harmonies," he said to interviewers who sought his opinion on the "banana school of music" when he arrived in London this week to conduct a special symphony orchestra in a festival of his own composition. "Melodies that are popular ought not to be ridiculed," he continued. "You may be assured that when popular music becomes national there is nothing artificial about it."

WOMAN'S COLLEGE NOTES

The advisory board of the Young Woman's Christian association entertained at tea the members of the organization Wednesday afternoon Oct. 17. The advisory board consists of Dean Austin, Miss Swanson, Miss Teague and Miss Whitmer.

Rev. G. W. Randle spoke to the students at chapel on Friday morning. Tuesday morning Miss Whitmer of the faculty, told of her impressions at the meeting in Peoria of the Woman's Foreign Missionary society, where a stirring pageant of the native life was enacted by a group of returned missionaries.

Mrs. Anne Marshall Orr, A. B., '18, of St. Louis, Mo., will represent the Woman's college at the inauguration of Herbert Spencer Hadley, as Chancellor of Washington university, Saturday, Nov. 10th.

Dr. Wallace N. Stearnes, Professor of Bible and Religious Education, has gotten out an attractive announcement of a series of lectures that he expects to give this winter. Dr. Stearnes is available for work Sundays and Mondays in connection with the religious activities in the various churches in the city and vicinity. He has had wide experience and is anxious to help wherever it is possible.

The Dramatic club have selected two plays to be given Thanksgiving evening in Music Hall. They are "Neighbors" by Zora Gale and "Trysting Place" by Zora Gale, and will be given under the supervision of Miss Davis, director of the Department of Public Speaking.

Announcement has been received at the college of the marriage of Velma Bain to George H. Itner which occurred August 4th at Benton Harbor, Mich. Miss Bain is a graduate of the college in the class of 1922.

The students in the Department of Household Science, Miss Grace Tickle, director, have been in charge of the actual demonstration of gas ranges for the Illinois Light and Power company for the past week. This is another opportunity open to women and the students trained at the college are qualified to serve in that capacity. The practice received at the local office has been especially helpful along that line.

Miss Esther Davis is in Chicago to attend the meeting of the Chicago society. A large group of graduates and former students will be in attendance. Miss Davis goes as a representative of the Alumnae association.

Miss Irene Crum of Springfield, Ill., is the guest of Mrs. Ruth Harker Hunt over the week end. Miss Crum is a graduate of the college in the class of 1915 and has been teaching very successfully for a number of years in the High school at Ogden, Utah.

Miss Ida B. Davis, director of the Department of Public Speaking, will give an interpretative recital of "Hizwatha" in Music Hall the evening of Oct. 29. The public is cordially invited to be present.

C. B. Woodward of Webster Groves, Mo., is visiting his daughter, Miss Elva Becker, who is a sophomore at the college.

Conservatory Notes

Garnett Hedge head of the voice department of the Conservatory, will give a song recital next Tuesday evening, October 23rd, in Northminster church. He will be accompanied by Miss Mary Alexander, a graduate of the Conservatory. The public is cordially invited to attend.

At the second rehearsal of the Jacksonville Choral Union under Mr. Hedge's direction, there was a much larger attendance than at the first one and much gratification was expressed at the manner in which work on "The Messiah" was taken up—with readiness and enthusiasm. Members of Choral organizations of former years who have not yet joined the Chorus are urged to be present at the next rehearsal, Monday evening, October 22nd, at 7:15 in Recital hall.

Paul C. Beebe, instructor in violinello in the Conservatory, played a group of solos, accompanied by Miss Mary Alexander, at the High school last Wednesday morning, October 17th.

Several members of the faculty expect to attend the concert given in Springfield next Saturday evening, October 27th, by Geraldine Farrar, soprano.

Mr. Hedge's program is as follows:

1. Recit.—My arms against this Goliath will I go.
Aria—Sound an Alarm from Oratorio "Judas Maccabeus" (Handel).
2. Long Ago in Egypt (Lehmann).
3. Prince Ivan's Song (Allitsen).
My Desire (Nevin).
4. Arioso Lament from opera "Pagliacci" Vesti la Giubba (Leoncavallo).

- Part II
4. Lasso w/ the Lint Locks (Grant-Schaefer) dedicated to Mr. Hedge.
1. Love My Jean (Hammond).
- Molly Malone (Rhys-Herbert).
- Widmung (Franz).
- Geh' durnur immer hin (Kaun).
6. Empty Arms (Horne).

The remainder of the house was composed largely of Americans, as the French take little interest in the foreign language plays, no matter how great the artistic merit, because to them it seems a waste of money not to get the full flavor of the performance. Some new Moscow artists, who have never been heard abroad, are now in the company. The repertoire includes some classic Russian plays heretofore never produced outside of Russia.

Mannell, the exiled King of Portugal appears to have developed qualities of statesmanship since he lost the throne. He is a welcome guest in the highest political circles in Paris because of his shrewd observations on the political and economic situations in important countries of western Europe. He is in constant correspondence with notable persons in Germany and especially in Italy and Spain, and is regarded as being in a position to form independent judgements on the course of events in these disturbed countries. He has become semi-esthetic and a brilliant conversationalist so that at small dinners he holds the attention of all the guests by talk which is often amusing as well as instructive.

**Radiate
Health!**

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently. Red blood tingling through the veins;—the glow of youth in the cheeks;—the spring of eagerness, of vim, of vitality in the walk;—the ever graceful air, unrestrained by care or worry.—All the charms of beauty. All the works of health.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs.

But why the wondering—the hoping—the praying for that coveted attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. does both.

S. S. S., since 1826, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—aiding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and proportioned. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

Have You Driven A Car With Four-Wheel Brakes?

If not, you have a new motoring sensation yet to experience. Your first ride will thoroughly prove the desirability of this equipment. The smooth and positive operation of Oakland's four-wheel brakes gives added confidence and security under all driving conditions.

The brand new Oakland Six is the lowest-price car with four-wheel brakes and other similar up-to-the-minute features. Come in—drive it yourself—give it a thorough test. Why choose a car of lesser performance and lesser safety?

Serves Long—
Because It's Strong

A Sturdy Six—Not a Light Six

THE new Jewett Six is strong—with a strength that cannot exist with lighter construction. Jewett Six's strength is shown in its weight. It weighs 2805 pounds—200 to 400 pounds more than "light" sixes of its size. Here's what this weight gives extra:

It gives you a BIG MOTOR—full 50 h.p. Paige-built. It gives you a 6-inch-deep frame, extra cross-braced, rigid. It gives you Paige-Timken axles front and rear, extra stout to stay true; all-steel universal joints; springs 80% of wheelbase stout wheels; strong bodies.

With such strength it's no wonder

Jewett serves long. And of course Jewett Six rides easier than lighter cars—also performs better, due to its extra power. Try to pass it on a hill. Drive it from 2 to 60 miles an hour in high; accelerate from 5 to 25 miles an hour in 7 seconds in high. Try THAT with ANY other car, regardless of price, and realize how fine Jewett is.

You can get a "Light" Six for \$100 less than Jewett; but you can't get Jewett ruggedness, dependability and performance for a penny less than \$1065. Many owners say Jewett's equal cannot be had under \$1500. Let us prove it to you.

30 Million dollar company guarantees Nokol

NOKOL, the original automatic oil heater, has an unparalleled record of progressive development for the past five years. The reliability of the product, the financial standing of the company, the reputation of the management, the efficiency of the engineering department, and the thoroughness of its service organization have become so established that the Fidelity and Casualty Company of New York, after investigation of all domestic oil heaters, has agreed to guarantee the Nokol warranty in every particular. Nokol is the only heating service sold under a bonded guarantee.

This action, therefore, means that Nokol is a heating service as dependable as that of any established public utility.

The Nokol Heater burns oil in any type of heating plant, instead of coal. It can be installed in a few hours. Controlled by a thermostat, it consumes only the amount of fuel necessary to maintain the temperature desired. It operates automatically.

SERVICE MEN SHOULD
FILE APPLICATIONS

SPRINGFIELD, Ill.—(By the
A. P.)—Former service men now
living in Illinois and who were
residents of the state of Maine at
the time of their enlistment are
asked to file their applications for
soldiers' bonus in that state at
once, as the time limit for fil-
ing such applications expires
January 1, 1924, according to a
communication received by Adju-
tant General C. E. Black from
James A. Hanson, adjutant gen-
eral of Maine.
March 16, 1923 was the origi-
nal time limit set by the Maine
legislature but that body extended
the limit to January 1, 1924.
Army and navy men, and all ex-
service men, the letter reads, who
are qualified to receive the Maine
soldiers' bonus should make ap-
plication to the adjutant general's
office of that state at once.

NEW YORK, Oct. 20.—Stock
prices developed moderate
strength in today's quiet half-
day session.

Narrow and irregular fluctua-
tions took place at the opening
with a renewal of heaviness in the
rubbers and some of the oils but
the appearance of substantial
buying orders in the usual lead-
ers and another brisk inquiry for
the tobaccos set in motion a cov-
ering movement which continued
active up to the close.

The only important trade de-
velopments of the day were the
declaration of the regular divi-
dend by the directors of Stewart
Warner Speedometer and another
out of 20 cents a barrel on crude
oil by Rumble Oil and Refining
company.
Substantial buying orders in
Northern Pacific and Great North-
ern preferred resulted in net
gains of about 13 points each re-
covering most of the ground lost
by the selling inspired by specu-
lative fear of a reduction in
freight rates on grain. Strength
of the tobaccos was attributed to
inside buying preliminary to a
consummation of merger negotia-
tions. Foreign exchanges
turned decidedly weak on reports
that Germany was about to break
with France on the question of
reparations. The weekly clearing
house statement showed increased
in all important items. Loans, dis-
counts and investments increased
\$10,590,000; reserve of member
banks in the federal reserve banks
\$23,819,000; net demand depos-
its \$48,115,000; time deposits
\$10,940,000 and circulation \$20-
000. Aggregate reserve totalled
\$530,248,000 leaving excess re-
serve of \$32,106,730, an increase
of \$17,476,520 over the week be-
fore.

BUTTER MARKET IS
STEADY BUT QUIET

CHICAGO, Oct. 19.—The but-
ter market here today was quiet,
steady and unchanged, except for
cars of centralized. Supplies were
moderate but in most cases pur-
chase at unchanged prices. There
was as much fine butter as any
other grade and offerings on this
at the below listed prices remain-
ed unsold until late in the day.
There was a good demand for
medium scores and practically no
demand struck a high spot. Sales
at the below prices were reported
but at the close liberal offer-
ings failed to interest buyers.

Fresh butter:

Books and Authors

to live in an age of books, a ment which might be made reference to a thousand and other things. When we stand ng the well-filled book shelves ur modern libraries, it seems r cry back to the days when umber of standard books d be told off on the fingers. ook review would have been ight superfluous in those days

and the nearest approach to it was literary criticism. Now the reading public is confronted with the necessity of choosing its favorite books from among thousands, and still the presses throuth the civilized countries of the world continue to pour out a steady stream of reading matter.

Books are among the most powerful agencies in shaping human character, their power being limited only by the understanding of their readers, and the scope of their influence bounded only by the number who read them intelligently. You never can tell what a book will do to a reader, or what the reader will do in life after he has absorbed the contents of the book. The best we can hope for this column is that it will enable readers to choose their books wisely, and with a view to the enlargement of their better selves.

"THE WHITE FLAG"
By Gene Stratton-Porter.
(Doubleday, Page & Company.)

This is a story fresh from the pen of one of the country's most popular authors. Altho in many ways it does not appear to reach the standard set in her former works, it holds the interest from beginning to end. In a large measure it is a departure from the nature novels which the author has been writing so skillfully. The present novel deals with life in a small town, detailing the various fortunes of a young girl, Mahala Spellman, who is plunged from wealth and popularity to a humble station and later into seeming disgrace in the eyes of the community thru the vinegular plotting of rejected suitors.

How she meets every new trial with courage and determination and is finally vindicated and restored to the good graces of the townspeople, and how her tormentors are finally punished, contribute to a story that is both readable and fascinating.

The story depicts strikingly the effects of unbridled human selfishness on a community and on individual lives. The actions of Martin Moreland, the wealthy banker who brings Mahala's parents and many others in the community to ruin, the villainous trickery of his spoiled but handsome son, Junior Moreland, in his pursuit of the heroine, the bigotry and fastidiousness displayed by Mahlon and Elizabeth Spellman, parents of the heroine, all are manifestations of selfishness of a kind which works ruin and spells disaster. The words which Mahala flings at Junior on the night when she finally rejected him, in the face of ruin for her father and their home, are indicative of the spirit which dominates most of the characters in the book. "You have not cared what happened to anyone else, so long as you were the leader and had what you wanted." Characters who appear as towers of strength are really towers of weakness, under the devastating hand of selfishness.

In fact, the story is overburdened with tragedy. The principal characters are put on the wrack, tied to the stake and left to simmer in slow fire.

The author has not even provided a hero, who can prove a fit mate for Mahala in the end. Jason Peters, who had been an unfailing friend thru all her misfortune, rewards her love with mistrust that adds one more to the knives which are cutting into her heart. He marries another girl, an element of the plot which seems wholly unnecessary. This girl the author also puts on the wrack in a way that seems cruel and without excuse, until a merciful stroke of lightning ends her suffering and makes possible the marriage of Jason and Mahala. The question which puzzled the tortured heroine as she went about her daily tasks, also puzzles the reader as he reaches this part of the story "Why?"

Even as the story closes with Mahala, Jason and the baby in the orchard on a spring day that only the author knows how to describe the brightness of the scene is clouded by the appearance of Martin Moreland, the now insane banker, carrying the white flag, that symbol which the wife he had wronged had born for so many heartbreaking years. Why this touch of tragedy and revival of bitter memories should have been thrust into the final scene, it is hard to say, unless the author meant to secure a technical balance by keeping the reader's attention fixed on the white flag until the end.

In spite of its overdrawn incident and the unnatural light which streams thru its pages, the book contains many human and realistic touches. The unfailing kindness of Peter Potter, the groceryman; the antics of Jimmy Price, the free spirit of Mahala as a happy schoolgirl; the schoolboy fight between Jason, the stout lad who delivered washings, and Junior, the pampered son of the banker, all these give the story

balance and a semblance of reality.

"SOME IMPRESSIONS OF MY ELDERS."
St. John G. Ervine.
(The MacMillan Company)

A book of word portraits of the leading British and Irish literary figures of the past thirty-five years.

Mr. Ervine is a clever writer, and has shown an extensive and even intimate knowledge of the men he described. He is not so much concerned with the personal lives of his characters as with their literary work and its influence upon modern thought. He has so related his individual studies to each other that he is constantly comparing and contrasting the writers he portrays. Each chapter ends with some personal description of the character, which redeems in a measure any criticism that is offered as to his work.

The author has woven into his articles much personal comment and has not failed to express his own views on British and Irish politics. He says that he can read an author's character in his work, a fact which is no less true of his own production. Mr. Ervine appears to be an aristocrat. He cannot conceive of peasants being anything more than peasants. He says of George Bernard Shaw, that if he were given his choice between the cathedral of Rheims and a drainage system for France, Shaw would unquestionably choose the drainage system.

It is interesting to note in what light Mr. Ervine regards the United States. He makes some humorous statements about us, and even becomes a bit sarcastic in places. Here is a sample:

"I wondered often when I was in America, why I saw so many old and middle-aged husbands with girl wives. People told me that the cost of living is so high in America that young men cannot afford to marry young girls, but must either marry older or richer women, or refrain from marriage until they are middle-aged. Young women, so I am told, must marry the elderly and the bald, the slack and the flabby, because, otherwise they cannot hope for a good time until they are no longer of an age to enjoy it. I do not much esteem young women who refuse the great adventure of marriage with young, poor men, in order that they may have a good time with

unenthusiastic, tamed and middle-aged men, especially when I remember that a good time in such circumstances means only a fat and comfortable one."

The writer in one place compares the Big Four who made the treaty of Versailles, ending with a rather bitter crack at Wilson, who, he says, "went to Europe seeing the moon, and came back home having accepted a match."

Mr. Ervine's outline of the religious beliefs of George Bernard Shaw and H. G. Wells is illuminating to the reader. One feels a real sympathy with the optimism of Mr. Wells, but is less attracted to the eternal scrap-heap to which Mr. Shaw's doctrine seems to lead. It is plain that the writer regards Shaw and Wells as the leading literary figures of their day, and the present reviewer is inclined to agree with him, especially in regard to Mr. Wells. (Note—This book may be had at the local Public Library.)

MISS DAVIS WILL GIVE INTERPRETIVE RECITAL

Miss Ida Belle Davis, director of the Department of Public Speaking in the Illinois Woman's College, will appear in recital Monday evening, October 29, in the Music Hall. She will give an interpretative reading of Longfellow's "Hiawatha," the greatest poem of Indian life. The reading has a musical setting composed from genuine Indian melodies which will be interpreted by Miss Florence Kirby, pianist of the College of Music.

Those who have heard Miss Davis in this interpretation speak of her ability to create the atmosphere of the primeval forest and the romance and pathos of Longfellow's immortal "Hiawatha," also of her ability to maintain the balance of not being too much influenced by the melody or of disregarding it until the music seems an intrusion.

There will be no admission fee, and the public is cordially invited to attend.

Pie Social and entertainment
Wednesday, October 24th, 7:30 P. M. at The Narrows School. Admission free. Everyone come. Ladies bring pies.

Illinois College Notes

Great interest is being manifested in the plan to have a special train on the Alton to take the students and their friends to see the football game with Wesleyan in Bloomington on November 17. Friends of the college in town or elsewhere who may wish to join the party should send their names to Thomas Adkins, Illinois College, Jacksonville, Illinois. A delegation of at least 200 must be secured in order to have a special train.

Thomas L. Fansler of Philadelphia, Pennsylvania, of the College Board of Trustees, has been appointed to represent Illinois college at the inauguration of William Mather Lewis as president of George Washington university, Washington, D. C., on November 7th. Mr. Lewis was formerly principal of Whipple Academy and also holds a master's degree from Illinois college.

Dr. Isaac M. Yonan, representing the Near East Relief Committee, will speak to the students at the chapel exercises next Friday morning, on the recent peace settlement with Turkey.

Dr. Andrew K. Rule, head of the Department of Biblical Literature and Philosophy at the college, will preach in Woodson on Sunday.

Th astronomy class met Saturday morning at 4:45 a. m. for class work.

THE EMPORIUM

The sky was unusually clear and the class held a very interesting meeting.

President and Mrs. Rammelkamp attended the banquet in honor of Lloyd George Thursday evening at Springfield. Dr. Rammelkamp left Friday evening for Chicago to attend as a guest of Andrew Russell the annual banquet of the Chicago Bankers club held this evening.

Rev. M. L. Pontius will speak to the students at the chapel exercises Monday morning.

Professor and Mrs. Busey and family motored to Champaign Friday to spend the week end visiting relatives in that city.

The sing held Wednesday morning at the chapel service was a fine success. Professor Hedge is in charge of these affairs and they will be held on alternate Wednesday mornings. New song books have been ordered, containing all the most popular songs used in community singing, as well as old time melodies.

Mrs. G. H. Scott is visiting her parents at Rantoul, Illinois. She will spend about a week in that city.

Miss Henrietta Szyver director of the Household Arts department of Illinois Woman's College, is attending the All-State conference of Vocational Home-

Making Teachers and the Annual meeting of Illinois State Home Economics Association which met in Chicago on October 18th, 19th and 20th.
